It gives me immense pleasure to invite you on behalf of the Hong Kong College of Family Physicians and 2016 HKPCC Organizing Committee to the 6th Hong Kong Primary Care Conference scheduled on June 4th -5th 2016 at the Hong Kong Academy of Medicine Jockey Club Building, Hong Kong.

Based on its continuing success, this annual event has become a hallmark in bringing together local and international experts, health care providers including family physicians, nurses and allied health professionals to promote collaborative and networking opportunities in addressing present and future challenges in primary care.

“A Flourishing Community – Our Vision in Primary Care”. This year’s thought provoking theme will stimulate us to transcend beyond keeping individuals and the community healthy, to embark on the challenge of fulfilling the motto “A Life Worth Living” leading to a community that flourish. As the foundation of the 21st century health systems must be more than ever be focused in primary health care, how should we envision to reach this inspiring goal?

Aside from offering an exciting array of plenary sessions, workshops, seminars and discussion forum, this conference will continue its well-received competitions in research paper, oral, poster and clinical case presentations.

I welcome you all to yet another inspiring, educational and rewarding experience in this coming conference.

Dr. Lorna NG
Chairman, Organizing Committee
