Message from the President

The World Family Doctor Day (WFDD) is to be celebrated on 19 May each year when the important role and contribution of family doctors in health care systems around the globe are to be acknowledged. As family doctors, we pride ourselves in providing personal, comprehensive and continuing health care for all of our patients throughout the different stages in life. The 2020 WFDD Theme proposed by WONCA is, "Family doctors on the front line", which describes our role perfectly in the current COVID-19 crisis. We stand firm in the community looking after patients in need, we go to quarantine and triage stations to help screening the patients, and we follow up the patients for their medical, social and psychological needs in their own environment where they are familiar with.

To celebrate family doctors' contribution towards the current crisis on this special occasion, we have compiled various video clips and photographs collections with the help of our College Council and our members. We would be showing these compilations while celebrating the WFDD with WONCA member organisations and various medical institutions in different localities. In addition, these video clips would also be shown in our College's usual channels, e.g. College website, Facebook, etc. Happy World Family Doctor Day 2020 to all!

As the world is still fighting fiercely against the SARS-CoV-2 virus and trying to contain the pandemic, there are some initial advances in identifying useful treatment for the disease. The US Food and Drug Administration (FDA) recently issued an emergency use authorisation for the investigational antiviral drug remdesivir for the treatment of suspected

or laboratory-confirmed COVID-19 in adults and children hospitalised with severe disease. Despite the limited information available about the safety and effectiveness of using remdesivir to treat people infected with SARS-CoV-2 virus, the investigational drug was shown to shorten the time to recovery in some patients in a clinical trial. Also announced recently was a multicentre, prospective, open-label, randomised, phase 2 trial in adults with COVID-19 who were admitted to six hospitals in Hong Kong revealed that early triple antiviral therapy with interferon beta-1b, lopinavir-ritonavir, and ribavirin was safe and superior to lopinavir-ritonavir alone in alleviating symptoms and shortening the duration of viral shedding and hospital stay in patients with mild to moderate COVID-19. At around the same time, World Health Organisation (WHO) reported that many heads of states and global health leaders met and made an unprecedented commitment to work together to accelerate the development and production of new vaccines, tests and treatments for COVID-19 worldwide. Dr. Tedros Adhanom Ghebreyesus, WHO Director-General said, "We will only halt COVID-19 through solidarity". We must indeed continue to work together closely as a global community to overcome this crisis.

Talking about prevention, it is one of the essential elements of primary care practice and family doctors are most appropriately placed to guide people in the

community to have better preventive activities so that they stay healthy in the community. Professor James Dickinson, Professor of Departments of Family Medicine and Community Health Sciences, University of Calgary and a former member of the Canadian Task Force on Preventive Health Care has written an editorial in the forthcoming June issue of the Hong Kong Practitioner journal entitled, "What prevention works in medical practice – a Canadian perspective". Professor Dickinson discussed on topics related to effective prevention and shared his expertise and experience on the practical tips in conducting preventive guidance for people in the community.

Just a quick update on our annual Hong Kong Primary Care Conference scheduled to be held from 12 - 13 September 2020. Many thanks to the hard

work and dedication by the Organising Committee lead by Dr. Lorna Ng, various facets of the Scientific Programme are being finalised and details would be released in due course.

The HKCFP Research Committee has just announced our two annual research funds open for application, namely The Trainees Research Fund and the Research Seed Fund. The Trainees Research Fund and The Research Seed Fund are open to all registered HKCFP trainees and members respectively. The submission deadline is 29th October 2020. For application details, please refer to the corresponding announcement.

Please continue to collect deep throat saliva (DTS) specimens from patients with symptoms to support the surveillance of COVID-19. The updated simplified procedures for private doctors are in the latest CHP announcement. (https://www.chp.gov.hk/files/pdf/letters_to_doctors_20200513.pdf)

Hong Kong Primary Care Conference 2020 Chairman Message

On behalf of the Hong Kong College of Family Physicians and Hong Kong Primary Care Conference 2020 Organizing Committee, it is with immense pleasure that I invite you all to our 10th annual hallmark conference, to be held on 12-13 September 2020 at the Hong Kong Academy of Medicine Jockey Club Building, Aberdeen, Hong Kong.

In the blink of an eye, this annual event has flourished throughout a decade of scientific exchanges, professional networking and academic excellence. It continues to evolve and grow with more exciting changes coming soon.

This year's theme, "2020 Vision: Health for All" envisions our unflinching efforts in aspiring to provide the ideal healthcare for everyone even through our world's most trying of times. With formidable challenges ahead, we, as family physicians and healthcare providers, should also keep ourselves healthy in order to help our patients and community stay healthy. We will continue to cultivate the scientific and human contributions we can make to shape a future that embraces progress, while keeping our core values that empower us to attain our ultimate goal of health for all.

I welcome you all to yet another inspiring and rewarding experience with this forthcoming conference. I would also like to take this opportunity to invite our members to join the Full Research Paper, Free Paper and Clinical Case Presentation competitions which are now open for submission!

Sincerely yours,

Dr. Lorna Ng

Full Research Paper Competition

We cordially invite your participation in the **Full Research Paper Competition** of the HKPCC 2020. The Competition is a long-standing tradition of the College's Annual Conference to promote and recognize well-designed and innovative research which bears potential impact on clinical practice or development of primary care. This year, we will have TWO Awards:

AWARDS

Best Research Paper Award

Best Trainee Research Paper Award

The HKPCC 2020 Organizing Committee will invite renowned scholars as judges to review the participating papers. Each awardee will be presented a **Certificate of Award** at the opening ceremony of the HKPCC 2020.

ELIGIBILITY AND AUTHOR GUIDELINES

To be eligible for participation in the Full Research Paper Competition, **the first author of the paper must meet ALL of the following conditions:**

- (1) The author must be a member of the HKCFP and register at the Conference;
- (2) The author completes the majority of the research and writing for the paper;
- (3) The author has not used the paper to apply for other awards at the same time period;
- (4) The paper had not been awarded in other competitions in the past.

The participating paper should be a full-length article. It should include a structured abstract of no more than 250 words. The text should contain 2,000 - 3,000 words, organized as **INTRODUCTION, METHODOLOGY, RESULTS and DISCUSSION**. It should consist of no more than 5 illustrations (tables/figures). Only electronic versions will be accepted. The full paper should be typed in 12 point size in Microsoft Word format.

For **Best Trainee Research Paper Award**, additional eligibility applies:

- (1) The first author must be a trainee of HKCFP or within 3 years of completion of vocational training;
- (2) For higher trainees who are submitting their Exit Examination research project for this Competition, they must have submitted their project to the Specialty Board and have passed the research segment of the Exit Examination.

AWARD SELECTION CRITERION

Each paper will be evaluated against the following criteria:

- (1) Academic rigor of the paper (e.g. originality, methodology, organization and presentation).
- (2) Relevance and impact to primary care (e.g. importance of the topic and the impact of the findings on the practice or development of primary care).

HOW TO SUBMIT

我書，故我在——「疫境中的幾篇日誌」

譚仲豪醫生，家庭醫學專科醫生

在忙碌的生活中，我偶爾會靜下來沉澱一下思緒，把經歷過的寫下來。這些就是最近發生的事，在此與大家分享一下心聲。

28/1/2020 (農曆年初四)

農曆新年假期過後「開工」的第一天。我給同事們派發了「開工利是」，口中的祝福語句再不是去年的「恭喜發財」，「新年快樂」。眼見疫情迫在眉睫，我只能祝願每位同事都「健康、平安」，希望各位都能齊齊整整，平平安安過每一日。

為求避免上班時衣服被沾污，把病毒帶回家影響家人，診所同事們都從今天開始換回了久違了的工衣。穿上這一身藍色工作服後，很多於2003年SARS的回憶都一併回來，心中顯得萬分感慨及忐忑不安。究竟未來的日子是怎麼樣，我也不是太清楚。

80多歲的婆婆今天前來覆診長期病。這位婆婆，我對她的印象特別深刻，因為她每次見到我都顯得彬彬有禮，很合作，很尊重醫生。

婆婆突然不好意思，細聲並害羞地說：「我知我不應該這樣問... (幾秒沉默) 你們可否多給我一個口罩作備用？聽說你們醫護人員的口罩連自己都不足夠，但是我四出尋訪也買不到，現在只能待在家中不敢出街買菜....」

正所謂「人心肉做」，那一刻，我心裡感覺很不舒服，眼眶裡恍惚有滴淚。我不想把情緒顯露出來，因為這樣做只會令這位婆婆感到尷尬。我深深感受到婆婆對我的一份尊重，我也想回饋她應有的尊嚴。

之後的連續幾天，陸陸續續都有病人於診症後對我送上祝福，及「加油」。原來周遭還有很多診所外面的人會明白我們上班時的壓力和辛勞，感覺很感動。

10/2/2020

近日因應新型冠狀病毒疫情細閱過一些醫學文獻。對疫情認識多了，心中的顧慮比之前稍為減退，但警惕的心仍在，不敢掉以輕心。

記得今天是個忙碌的工作日(從早上九時應診至晚上十時)，非常令人身心疲累。忙碌之間曾遇上發高燒的疑似病人特地回港求診，診所中頓時瀰漫著緊張氣氛。於診症前要特別換上保護衣物、再進入負氣壓診症室應診、完成後再走出

來卸下裝束、徹底洗手、為病人寫轉介信給及填寫呈報表，最後再致電將病者轉送往隔離病房作進一步檢查....發現要處理一個疑似個案極不容易，很費時但仍不敢於任何細節上鬆懈。

一切過後，再翻查病人記錄，病人對新型冠狀病毒(nCoV)的測試呈陰性，心中為他舒了一口氣。

20/2/2020

社區中口罩短缺的情況仍然持續。曾有位叔叔於診症完結後對我說：「你們的口罩夠用嗎？我袋裡有一些可分給你。」心中頓然感覺到一陣暖流。我婉拒了叔叔的好意，並希望他能將多出的與身邊的其他人分享。

其實不單在診所裡的口罩存貨顯得緊拙，大學舊同學們都報告在街外買口罩也極之困難。今天放工後，相約了大學時代的醫科同學，將自己家中自用的口罩與護目鏡與她分享，同學顯得非常感激。在「疫境」中，我領悟到大家都需要守望相助，「雖然做事不應望回報，但世事往往就是這樣玄！你今天為別人伸出援手，可能冥冥中你也間接幫助了自己」。多年來我一直都是單純地這樣想。

在百忙中，我亦開始騰空整理手頭上有關新型肺炎(COVID-19)的資訊與文獻，把它們撮成一些可以令公眾明白的信報文章及可給予同事分享的FP Links Articles，希望能為大家都做點有意義的事。(後記：借此機會，我很想多謝College的Public Education Committee與FP Links Editorial Board各成員多年來的通力合作與支持。有賴各朋友給予機會，令這一系列文章能夠成功面世，無言感激。)

我們家庭醫生站在社區中的抗疫最前線。我們都只是常人，遇見前所未見的敵人，也會感到懼怕、擔憂及徬徨。我們手上亦沒有甚麼昂貴藥物、高端醫療儀器或高規格生化保護裝備去應付眼前一切。反之，同袍們手中的「劍與盾」就是我們一直堅信的實證醫學(evidence-based medicine)，以及與病人之間一直珍重的美好互信關係(rapport)。希望從日常診症中與病人間的大小互動，能使大眾理解更多，於風高浪急的疫情中準備得更好，以及於身邊的人抱恙時能給予第一手支援，這就是我們的初心。

認識我的朋友應該也曾見過我電郵中附帶的座右銘：

"Ne pas faire les choses à moitié"

(French Proverb: "If something is worthy to be done, it's worth to be well done")

共勉之。

Antiseptic for Coronaviruses

COVID-19 pandemic is a public health issue affecting everyone every day. There is no specific antiviral treatment and no vaccination available, making prevention and isolation our best options.

To prevent environmental spread of the virus, cleaning and disinfection are both important:

Cleaning refers to the removal of germs, dirt, and impurities from surfaces. It does not kill germs, but by removing them, it lowers their numbers and the risk of spreading infection.

Disinfecting refers to using chemicals, for example, EPA-registered disinfectants, to kill germs on surfaces. This process does not necessarily clean dirty surfaces or remove germs, but by killing germs on a surface after cleaning, it can further lower the risk of spreading infection.

For disinfectant, international and local authority both suggest 70% ethanol to be used as hand rub. How about chlorhexidine, povidone iodine or commonly used benzalkonium chloride? Do they have any role?

First of all, we need to define the standard of effective antiseptic-disinfectant. In the European Standard on virucidal antiseptic-disinfectant activity testing, a product is considered to be effective if it induces a loss of infectivity of at least 4 log₁₀ in viral titers during an accurate contact time (reduce 99.99%). In United States, it specifies reduction of 3 log₁₀ (Reduce 99.9%).

COVID-19 is rather new and lacks extensive study, but we can try to predict its characteristics using the data of other human coronaviruses. After the outbreak of COVID-19, G. Kampf et al. did a literature review about this issue. The result is as follows:

“In suspension tests, ethanol (78 - 95%), 2-propanol (70 - 100%), the combination of 45% 2-propanol with 30% 1-propanol, glutardialdehyde (0.5 - 2.5%), formaldehyde (0.7 - 1%) and povidone iodine (0.23 - 7.5%) readily inactivated coronavirus infectivity by approximately 4 log₁₀ or more. Sodium hypochlorite required a minimal concentration of at least 0.21% to be effective. Hydrogen peroxide was effective with a concentration of 0.5% and an incubation time of 1 min. Data obtained with benzalkonium chloride at reasonable contact times were conflicting. Within 10 min a concentration of 0.2% revealed no efficacy against coronavirus whereas a concentration of 0.05% was quite effective. 0.02% chlorhexidine digluconate was basically ineffective.

In carrier tests, ethanol at concentrations between 62% and 71% reduced coronavirus infectivity within 1 min exposure time by 2 - 4.0 log₁₀. Concentrations of 0.1 - 0.5% sodium hypochlorite and 2% glutardialdehyde were also quite effective with >3.0 log₁₀ reduction in viral titre. In contrast, 0.04% benzalkonium chloride, 0.06% sodium hypochlorite and 0.55% ortho-phtalaldehyde were less effective.”

From the result above, ethanol 70% showed promising result while Povidone iodine is also effective in suspension test. However, benzalkonium chloride and chlorhexidine were not quite effective. Sodium hypochlorite (at least 0.21%) and glutardialdehyde were also effective but use is limited in environmental cleaning due to skin irritation.

World Family Doctor Day 2020

Dr. Ho Ka Ming Ken, Specialist in Family Medicine
Vice-chairman, Public Education Committee, HKCFP

World Family Doctor Day (WFDD) – 19th May - was first declared by WONCA in 2010 and it has become a day to highlight the role and contribution of family doctors in health care systems around the world. The event is a wonderful opportunity to acknowledge the central role of our specialty in the delivery of personal, comprehensive and continuing health care for all of our patients. It's also a chance to celebrate the progress being made in Family Medicine and the special contributions of family doctors globally.

The 2020 World Family Doctor Day Theme is “Family doctors on the front line. First in, last out!” Every year many of our colleagues across the globe celebrated the day by organising a variety of events and activities.

In 2020, we are fighting hard against the pandemic-COVID-19. Our College has collected photos from College members and fellows on our front line for the World Family Doctor Day 2020 to show support to our

patients, our colleagues, our societies and our World to fight against COVID-19. And the photos would be compiled into a video on our College Facebook and website to celebrate the World Family Doctor Day.

Besides, College has been invited by 海峽兩岸醫藥衛生交流協會全科醫學分會 to participate in this year WFDD celebration on 19th May 2020 together with many family doctors in various locations in China. College has prepared a video to introduce the history, international connections and our successful history in WONCA to our family doctors colleagues in Mainland. The theme of the video is “the standard and quality of care provided to patients in an epidemic depends heavily on training, standard setting, information sharing, preparedness and provision of holistic care all along”.

Below would be some photos and messages of our colleagues:

Meeting Highlights

Online Seminar Series

4 sessions of Online Seminar Series were successfully held on 2 April, 7 April, 15 April and 23 April 2020 respectively.

Dr. Leung Yu Lung, Dexter, Specialist in Ophthalmology, delivered a lecture on "Ophthalmology Made Easy" on 2 April 2020.

From left to right: Dr. Au Yeung Shiu Hing (Moderator), Dr. Leung Yu Lung, Dexter (Speaker) and Dr. Alvin Chan (Chairman, Board of Education)

Prof. Leung Yu Hung, Specialist in Haematology & Haematological Oncology, delivered a lecture on "Essential Update on Lymphoma" on 15 April 2020.

From left to right: Dr. Lorna Ng (Moderator), Prof. Leung Yu Hung (Speaker) and Dr. Alvin Chan (Chairman, Board of Education)

Dr. Chan Tao, Specialist in Radiology, delivered a lecture on "Update on Use of Medical Imaging for Screening Diseases" on 7 April 2020.

Dr. Alvin Chan (left, Chairman, Board of Education) presenting a souvenir to Dr. Chan Tao (right, Speaker)

Dr. Wong Hoi Tung, Specialist in Neurosurgery, delivered a lecture on "Neurosurgical Intervention for Common Non-neurological Conditions" on 23 April 2020.

From left to right: Dr. Tsui Hing Sing (Moderator), Dr. Wong Hoi Tung (Speaker) and Dr. Alvin Chan (Chairman, Board of Education)

Online Dermatology Seminar on 2 May 2020

Dr. Chan Sheung Hey, Thomas, Specialist in Dermatology & Venereology, delivered a lecture on "Updates on the Management of Acne Vulgaris" on 2 May 2020.

Dr. Lam Wing Wo (left, Moderator) presenting a souvenir to Dr. Chan Sheung Hey, Thomas (right, Speaker)

Online Seminar: Mindfulness Meditation for Managing Stress during COVID-19

We would like to thank Prof. Wong Yeung Shan, Samuel, Professor and Head, Division of Family Medicine and Primary Healthcare, JC School of Public Health and Primary Care, Faculty of Medicine, The Chinese University of Hong Kong, for delivering a lecture on "Mindfulness Meditation for Managing Stress during COVID-19" on 18 April 2020.

HKCFP Trainees Research Fund 2020 / HKCFP Research Seed Fund 2020

The Research Committee of HKCFP is pleased to continue to offer the two research funds, The Trainees Research Fund and the Research Seed Fund.

The Trainees Research Fund will be opened to all registered HKCFP trainees and is made of four awards (each up to HK\$10,000). It is envisaged it will help trainees especially (but not limited to) those doing research projects as their exit examination. Those who have funding support elsewhere will not be considered.

The Research Seed Fund is opened to all HKCFP members which an award of up to HK\$25,000 will be made to the successful applicant to conduct a research project.

Winners of the award will receive 50% of the approved grant up front and the remainder 50% upon completion of the project.

Please note that each applicant can only apply either one of the above Funds

Assessment Criteria for both funds:

1. Academic rigor of the research project (e.g. originality, methodology, organisation and presentation);
2. Relevance and impact to family medicine & primary care (e.g. importance of the topic and the impact of the findings on the practice or development of the discipline); and
3. Overall budget

Each Research project submitted will be assessed according to the above assessment criteria set by the selection panel. Please send your submission to:

Research Committee, HKCFP

803-4, 8/F, HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong by post or by email: CrystalYung@hkcfp.org.hk

Please indicate the research funding title e.g. “**HKCFP Trainees Research Fund 2020**” or “**HKCFP Research Seed Fund 2020**” on your research project upon submission.

Submission Deadline: 29th October 2020

Supported by HKCFP Foundation Fund

ASSESSMENT ENHANCEMENT COURSE (AEC) FOR FAMILY PHYSICIANS 2020

Please note the AEC is now postponed due to the outbreak of COVID-19. The 1st session is tentatively to commence on 20 Jun 2020 (Sat) and revised scheduled as below. Please note the schedule of AEC sessions might be affected due to the outbreak of COVID-19 and the format might change to online platform if necessary. Announcement would further be made in case there is a change of schedule and/or format. Thanks.

- Organizer** : Assessment Enhancement Sub-committee, Board of Education, HKCFP
- Tutors** : Family Medicine Specialists, Fellows of HKCFP and RACGP
- Supervisor** : **Dr. Chan Chi Wai**
- Co-ordinator** : **Dr. Lai Sheung Siu**
- Objectives** :
 - To improve clinical knowledge, problem solving and consultation skills through different workshops
 - To improve physical examination technique and clinic procedural skills through hands-on experience
 - To provide opportunity for inter-professional communication and social network expansion through self-help groups
 - To improve time management through simulated examination
- Venue** : Duke of Windsor Social Service Building and HKAM Jockey Club Building
- Date** : 4 months' course starting from June 2020
- Course Structure** : The course will consist of 4 main components:
 - Seminars
 - Workshops
 - Self-help Group Support
 - Mock Exam
 Seminars and Workshops will be arranged on Saturday afternoons (2:30 p.m. to 5:30 p.m.)
- Accreditation** : Up to 15 CME points (Category 4.4) & 5 CPD points (Category 3.15) for the whole course
- Course Fee** : Members : HK\$3,400 (Whole course)
HK\$950 (Spot admission for each seminar or workshop only)
All cheques payable to **"HKCFP Education Ltd"**
All Fees received are non-refundable and non-transferable.
- Capacity** : 50 doctors maximum
- Enrolment** : Enrolment is now open. Registration form is available at College website: http://www.hkcfp.org.hk/pages_9_463.html.
Please return the completed application and the cheque to the Secretariat for processing. Please contact the Secretariat, Ms. Teresa Liu or Ms. Windy Lau by email to education@hkcfp.org.hk or call 2871 8899 for details. Successful applications will be informed by email later.
- Disclaimer** : All cases and answers are suggested by our tutors only. They are not standard answers for examination.
- Remarks** :
 - Post-AEC training course (optional)** will be organized for category 2 candidates who have enrolled in AEC if there is sufficient enrolment.
 - Please note the schedule of AEC sessions might be affected due to the outbreak of COVID-19 and the format might change to online platform if necessary. Announcement would be made in case there is a change of schedule and/or format.**
