The past year must go on record as the year when our College harvested the fruits of the efforts that have been put in during the preceding years.

Undeniably, the 14th WONCA World Conference which we bid for some six years ago and hosted this June at the Hong Kong Convention and Exhibition Centre must rank as one of the best if not the best of all previous WONCA World Conferences. Dr. John T.N. Chung, Chairman of the Host Organising Committee for this Conference and Dr. Cindy Lam, Chairwoman of the Scientific Committee must be congratulated for their magnificent efforts in making this meeting so outstanding. A separate report follows this summary. Thanks must also go to Glaxo, our premier sponsor for this Conference, for their sizable contribution which made many things possible. We must also thank the large number of members and staff who have contributed so much but chosen to remain silent.

The Conjoint Examination with the Royal Australian College of General Practitioners (RACGP) continues to attract an ever increasing number of candidates. A record number of seventeen candidates completed the examination successfully last year. At the Conferment Ceremony for this year's successful candidates, Dr. Colin Owen, President of RACGP, conferred the Australian Fellowship and our President, Dr. Stephen Foo, conferred the Hong Kong Fellowship on successful candidates. Dr. Foo also conferred the Honorary Fellowship of our College on Prof. Rosie T.T. Young and Sir Donald Irvine. The Sun Yat Sen Oration, entitled "The Challenge for Doctors Today", was delivered by Professor Rosie T.T. Young. Both events preceded the WONCA World Conference and were very well attended. The Presidents and representatives of many overseas Colleges and almost all the representatives of the various Colleges of the Hong Kong Academy of Medicine were present and this reflected the warm relationship our College is sharing with our sister Colleges.

The new six year Vocational Training Programme started at the beginning of this year. We continue to see an increase in the number of trainees and the number of training centres. The Board of Education has been able to put in place a regular number of meetings per month. The Annual Refresher Course

attracted a full house of participants and sponsors. The Quality Assurance and Accreditation Committee has a new set of regulations for the annual award of the Certificate of Post-graduate Studies.

The HKCGP Official Medical Record System was introduced to members early this year. The Public Education Committee has linked up with one of the regular Television programme to introduce Family Medicine. Our College Journal has gone from strength to strength and we now have requests from other journals to reprint our articles. The Research Committee has published a report on the Morbidity Pattern in Hong Kong. The Membership Committee reported a steady increase in all categories of membership. The College is healthy financially, thanks to the able management of our Hon. Treasurer, Finance Committee and Business Manager. For more details, please refer to the individual reports.

At the Annual General Meeting on December 8, 1994, Dr. Stephen Foo was re-elected President of our College, Dr. Donald Li Vice-President, Dr. Luke Tsang Hon Secretary, and Dr. Paul Siu Hon Treasurer. Dr. Luke Tsang subsequently resigned as Hon Secretary and was co-opted as a Council member. Dr. Paul Lam was co-opted by Council as Hon Secretary. There were no changes in our Secretarial staff.

In early 1995, a new Nomination Committee was set up to screen and nominate College members for admission to the Hong Kong Academy of Medicine. Dr. Donald Li chairs this Committee. We have successfully nominated seventeen of our Fellows for admission to the Hong Kong Academy of Medicine this year.

The College has passed a very successful year. In the foreseeable future, the College must gear itself to the changing needs both of our own profession and society. All our activities will reflect these changes. We need the support of all our members and Council wishes to take this opportunity to thank all those who have given their valuable time to assist in various activities. Here I would like to appeal to all members to allocate some time for College work not just for the betterment of oneself, but for the benefit of our Profession and society. Finally, the Secretariat deserves special mention for all the ever increasing amount of hard work they have put in during the past year.

HOST ORGANISING COMMITTEE 14TH WONCA WORLD CONFERENCE

Chairman — Dr. J.T.N. Chung

The 14th WONCA World Conference took place from 10-14 June 1995 at the Hong Kong Convention and Exhibition Centre. The Conference was officiated by Mrs. Katherine Fok, Secretary for Health & Welfare. The Opening Ceremony was attended by over 2,000 people and included a performance by the orchestra of WONCA and the Hong Kong Medical Association, and a slide presentation depicting the family of WONCA. The Keynote Address and indeed the whole scientific programme, were very well attended. The Conference dinner featured dancing to a well known Hong Kong band, and impromptu musical performances by members of the HOC, and Dr. Göran Sjönell (President Elect of WONCA) and his group. The Closing Ceremony was again well attended. It went on for longer than scheduled and was full of goodwill and humour.

The 14th Conference was a success, and the College and the HOC have received many congratulatory messages. The Conference has set several precedents. With an attendance of over 2,100 (from 68 countries), it was the largest WONCA conference outside North America. There were 1,000 presentations, the largest in number ever. The WONCA levy was the largest ever. The Closing Ceremony was the longest and the best.

I would like to thank members of the HOC for their commitment, the College Secretariat for their backup and Gardiner-Caldwell Communications Ltd. for working on the project.

BOARD OF EXAMINATIONS

Chairman — Dr. Ian Marshall

Regular meetings of the Board were held throughout the year to plan and coordinate the 8th Conjoint HKCGP/RACGP Fellowship Examination.

There were no major changes to the format of the Examination following the successful introduction of Physical Examination as a separate segment last year. This has allowed for a period of consolidation to build on past experience.

The size of the Panel of Examiners continues to increase. Examiners must meet a set of criteria including possession of a recognised higher qualification in general/family practice. New recruits are always welcome and should be sponsored by a current examiner. All new examiners receive training in the segments they will examine before being fully accredited to take part in the examination.

Training sessions for all examiners were undertaken this year at weekend training camps for the first time. As most examiners are involved in several segments this reduced the amount of time needed to attend multiple training sessions in individual segments. Generally the training camps were felt to be a success and will be utilised again next year with some modifications based on this year's experience.

As reported last year, interest in the Examination appear to be increasing with another record number of applications received. In all 41 candidates attempted various segments of the Examination. Arrangement proved satisfactory due in no small part to the efforts of the Chief Examiner and the Coordinators, who are to be congratulated for their fine efforts.

This year the Visiting Examiners from RACGP were Dr. Ian Wilson, Censor-in-Chief, and Dr. John Turnbull. Their presence and comments provides a most valuable contribution to the content and standard of the Examination. The Modified Essay Question Segment had already been identified as an area which may need review and this was confirmed by the Visiting Examiners report. A subcommittee has been established to make recommendations on the future of this segment. A record number of seventeen candidates successfully completed the Examination:

Dr. Chan Sio Pan
Dr. Cheng Baldwin Susan Eleanor
Dr. Choi Kin, Gabriel
Dr. Chung Lai San, Rose

Dr. Lam Pui
Dr. Law Tin Wan, Alice
Dr. Lo Chun Hung, Raymond
Dr. Ngan Sze Yuen

Dr. Fok Ka Pun	Dr. So Ping, Roger
Dr. Ho Kin Sang	Dr. Tsui Kwok Biu
Dr. Hui Yin Fun, Linda	Dr. Yeung To Ling, Solomon
Dr. Kwok Chi Sum	Dr. Yiu Yuk Kwan
Dr. Kwok Chung Hon, Michael	

The Conferment Ceremony for FHKCGP and FRACGP was held on 10 June 1995 and was attended by many eminent visitors from overseas who were in Hong Kong for the 14th WONCA World Conference.

The Examination continues to grow and this can be seen as a measure of its success. This is due to the contribution and efforts of many people within the College. It is my pleasure to thank everyone involved.

BOARD OF EDUCATION

Chairman — Dr. Eileen Tse

1994-1995 Board of Education Members are:

Dr. Ip Kit Kuen (Deputy Chairman & Ex-officio as the Business Manager)
Dr. Chan Sio Pan (Chairman of the Small Group Subcommittee)
Dr. Cheng Po Kong (Resigned in April 1995)
Dr. Daniel W.S. Chu
Dr. Stephen K.S. Foo (Ex-officio as the President)
Dr. Steven Y.K. Ho (Chairman of CPR Training Committee)
Dr. Betty K.M. Kwan (Chairman of the Refresher Course Subcommittee)
Dr. Albert Lee (Resigned in July 1995)
Dr. Raymond C.H. Lo
Dr. Mo Kam Chuen (Chairman of the Video Viewing Subcommittee)
Dr. Ngan Sze Yuen
Dr. Tong Siu Man

The Board of Education is responsible for organising the Continuing Medical Education (CME) Programme. Since 1991, we have been recording participation in CME activities of each and every member of the College. Our record might be incomplete for CME activities not organised by the College but it has to be complete for those organised by ourselves. Members who collect 50 or more credit hours by participating in at least three categories of CME activities each year are rewarded with a Certificate of Postgraduate Studies. Since its establishment, the number of this certificate issued each year has been increasing, but only seems to be in proportion to the increase in membership. Such response is disappointing when members of this Board have worked so hard to increase the range and frequency of educational events we organised.

In the past year, we have cut cost by reducing the number of circulars required to announce forthcoming educational events. This way we managed to produce a large number of educational events without specific sponsorship and without a sharp rise in the Membership fee.

We are a dedicated team. I would like to make an appeal here, help us to serve you better, write us your opinion about our CME programme, fax it to us at the College anytime, it would be most appreciated.

Self-Assessment Correspondence Programme (MCQ)

The Self-Assessment MCQ paper is sent out with the College Journal monthly. Our colleagues in the Editorial Board have continued to make this programme available.

Video-cassette Viewing Sessions

- Venue 1: Lecture Room, Nursing School,

- Venue 4: The Chinese University of Hong Kong, Health Centre,
Clinic Road of Main Campus,
The Chinese University of Hong Kong,
Shatin, N.T.
Time : 1:00 p.m. (Wednesday)

Roche Pharmaceuticals & Chemicals Ltd. have continued their generous support and sponsored our Video-cassette viewing sessions. We would also like to thank our friends at Queen Elizabeth Hospital and Union Hospital who have helped to make this a joint event for the Hospital Staff as well as college members so that the cost could be shared and more doctors could benefit.

Cardiopulmonary Resuscitation (CPR) Training

We believe that CPR is a basic skill which every practising doctor should master and maintain. With the help of the Hong Kong College of Cardiology, we continue to run two training sessions each year. We estimate that the need for such training should be greater than it seems and we hope to organise more training sessions next year.

Small Group Discussion

Small group discussion is an effective means of self directed learning and is particularly meaningful to single-handed private practitioner. We encourage members to form themselves into small groups for peer support and peer review. Guideline for organising small group was published in the College Journal in May 1994. Currently, there are 18 small groups registered with the College, some meeting monthly and some meeting weekly.

Community Doctors' Education Programme Organised by Various Hospitals

Pamela Youde Nethersole Eastern Hospital
Tuen Mun Hospital
Ruttonjee Hospital

The above named hospitals organise seminars regularly for community doctors in the vicinity.

We hope these programme would help improve the interface of primary and secondary care and help facilitate the dialogue between the family physician and the hospital specialist.

Family physicians are not gate keeper of hospital services, we aim to make appropriate referral in the best interest of our patients.

Seminars/Workshops/Symposia

We have increased our output again. In addition to the above, we are organising 6 to 8 educational events monthly. We achieved this because we enjoyed very generous support from many friends (old & new) in other specialties. My heartiest thanks go to them all.

To highlight the importance of team approach in primary care, we organised several seminars this year with the help of other members of the "team" e.g. social workers, clinical psychologists and speech therapists. More are being planned for next year.

I notice that we rarely have a Family Physician speaker at these events. However, we did put much effort into informing the speakers the educational needs of our members. We shall continue our effort to improve our communication with the invited speakers. We also hope to invite more family physicians to share with us their special knowledge and skill.

The following is our programme since our last report:

QUALITY ASSURANCE & ACCREDITATION COMMITTEE

Chairman — Dr. Cynthia Chan

Committee Members: Drs. Andy Cheung (deputy chairman), Yuk-Kwan Fung,
Linda Hui, Paul Siu, Siu-Man Tong, Eileen Tse,
Henry Wong, Natalis Yuen

The QA & A Committee is pleased to have arranged reciprocal recognition of continuing medical education and quality assurance credit hours between the HKCGP and the Royal Australian College of General Practitioners for the 1993-95 triennium. HKCGP members or fellows (who are also members or fellows of the RACGP) who have attained 50 credit hours or more per year to be awarded the HKCGP certificate of postgraduate studies will be considered by the RACGP as having satisfied their quality assurance and continuing education requirements. Further contacts with the RACGP will be maintained for future mutual recognition of such credits.

Changes have been made to the regulations for the award of the HKCGP certificate of postgraduate studies in 1995. The categories for continuing medical education (CME) credit hours have been expanded to 15 and made wider in scope to cater for members' varying educational needs. To summarize, the major changes are as follows:

1. In addition to obtaining at least 30 credit hours from 3.1 to 3.6 CME activities (educational functions organized by the HKCGP) and a minimum of three types of activities from subsections 3.1 to 3.15, members must participate in at least one quality assurance (QA) activity listed in subsection 4 to qualify for the award of the certificate. (N.B. To remain as an active member, only 30 credit hours of CME are needed. The QA activity requirement does not apply).
2. A range of activities have been included as quality assurance activities which includes teaching and supervising students and trainees, passing one or more segments of the conjoint HKCGP/RACGP fellowship examination,

maintaining valid certificate of competency in cardiopulmonary resuscitation and basic life support, etc. Please refer to subsections 4.1 to 4.8 in the regulations. Members' views about future development or expansion of these QA categories will be formally solicited in the near future. Your comments and opinions are welcome at anytime.

3. The HKCGP official medical record system which was designed by the 1994 QA committee has been printed for members' information and use in early 1995. Adopting this medical record system and submission of a copy of record for review at the end of 1995 is accepted as a quality assurance option.
4. Participation in general practice/family medicine research projects has also been added as a continuing medical education function under subsection 3.10 to encourage members to participate in research.
5. For functions organized by other societies and institutions which have not been officially accredited, members are required to submit either written proof of attendance issued by the organizing society or a legible summary of the contents of the function on the standard form for application for accreditation of educational activities under subsection 3.8. These should be returned to the QA committee latest by December of the year for consideration of accreditation.

For regular functions of the HKCGP, CME functions of other HK Academy Colleges and accredited functions of other societies and organizations, members are reminded to sign the HKCGP attendance record sheet displayed.

The committee would like to emphasize that our mandate is to encourage, recognize and honour members' efforts in continuing education to maintain and improve the quality of care provided to patients. As a College, by maintaining a high standard of CME and QA, we are exercising our professional autonomy in self-regulation. It is important that members and fellows of the HKCGP are known to be actively keeping up with advances in family medicine as a specialty and with medicine in general, as well as providing quality care to patients in the community.

REGULATIONS FOR AWARD OF CERTIFICATE OF POSTGRADUATE STUDIES

(Academic Year: January - December 1995)

All Fellows, Full and Associate members of our College are registered automatically with the Continuing Medical Education and Quality Assurance Programme (C.M.E. & Q.A.) at the beginning of each academic year. Accreditation will be recorded throughout the year in the form of "Credit Hours". At the end of the academic year, summation of the total score will be recorded in the member's record. A Certificate of Postgraduate Studies will be awarded to those Members and Fellows who have satisfied the requirements listed below in Section 2 (and upon payment of a certificate fee of \$100). The number of "Credit Hours" obtained will be endorsed on the Certificate as a recognition of performance in C.M.E. and Quality Assurance.

- (1) The Award of the Certificate of Post-graduate Studies is open to all members (except student members, visiting members, overseas members and affiliate members) of the College, who have fully paid their annual subscription and are currently in practice. Fellows must fulfill the requirements of the Certificate of Postgraduate Studies in order to maintain their active status.
- (2) The requirement for the award of the Certificate of Postgraduate Studies shall be 50 credit hours within the academic year. Fellows and members must participate in a minimum of 3 separate types of activities to be eligible for the certificate, subject to the following provisions:-
 - 2.1 At least 30 credit hours must be obtained from educational activities organised by the Hong Kong College of General Practitioners (Subsections 3.1 to 3.6).
 - 2.2 A maximum of 20 credit hours will be considered for each type of educational activity (Subsections 3.1 to 3.15).
 - 2.3 The member must participate in at least one of the quality assurance activities as listed in Subsections 4.1 to 4.8.

Please note that subsection 2.2 only applies when calculating the number of credit hours required for the award of the Certificate. Once it is established that a participant is qualified to obtain the Certificate, the actual number of credit hours scored will be recorded on the Certificate.

(3) Continuing Medical Education

- 3.1 **Two** credit hours will be awarded for each **correct set of answers to MCQs** attached with our monthly journal. The completed set of answers must be returned to the College within the specified time.

Criteria for a correct set of answers : at least 50% correct.

- 3.2 **One** credit hour will be awarded for attending each **video** session organised by our College.
- 3.3 **Two** credit hours will be awarded for attending each **lunch/dinner seminar** organised by our College.
- 3.4 **Four** credit hours will be awarded for attending each **workshop/symposium** organised by our College.
- 3.5 In relation to the **Annual Refresher Course** organised by our College, **two** credit hours will be awarded for attending each seminar and **four** credit hours for each Sunday workshop/symposium.
- 3.6 **One** credit hour will be awarded for participating in small group discussion. **Two** credit hours will be awarded for being the chairperson and/or speaker.

Please note that only those discussion groups approved by the Board of Education will be accredited.

- 3.7 Apart from educational functions organised by our College, medical meetings and conferences organised by other Foundation Colleges of

the Hong Kong Academy of Medicine will also be accredited. The number of credit hours awarded will be decided by the Quality Assurance and Accreditation Committee.

- 3.8 Further to the above, seminars/workshops/symposia/conferences organised by other institutions may also be accredited **upon application for prior approval by the organising institution, or upon written proof of attendance issued by the organising institution.** Otherwise, a detailed summary of the contents of each seminar has to be submitted. The number of credit hours awarded will be decided by the Quality Assurance and Accreditation Committee.
- 3.9 Accreditation will be awarded for attendance of **Overseas symposia/conferences**, etc. organised by member organisations of WONCA. The number of credit hours awarded will be decided by individual assessment.
- 3.10 Accreditation will be awarded for publishing original articles and **participating in approved research work** related to the field of General Practice. Approval for credit hours should be sought from the Chairman of the Research Committee of the College.
- 3.11 Accreditation will be awarded for contribution to **College activities** of educational value e.g. conducting and organising seminars, giving lectures and participating as College examiner. (one credit hour for being a moderator and two credit hours for being speaker for activities listed in subsections 3.3 to 3.5).
- 3.12 Accreditation will be awarded for undergraduate and postgraduate **teaching** in General Practice (including activities listed in 4.2 and 4.3).
- 3.13 Accreditation will be awarded for attending postgraduate courses designed for general practitioners, e.g. Diploma course in family medicine organised by the Chinese University of Hong Kong. Award is normally given on completion of the course, unless the course lasts for more than 12 months and is taken and graded in sub-units.

3.14 Accreditation will be awarded for participating in health education for the public e.g. talking to school children as a physician, writing newspaper articles or appearing on television giving health education.

3.15 Accreditation will be awarded for completion of Continuing Medical Education Programmes of other Colleges of General Practice/Family Medicine, e.g. The Royal Australian College of General Practitioners (RACGP).

(4) Quality Assurance

4.1 Adopting the medical record system designed by the HKCGP (or equivalent), and the submission of one copy of the record (with the patient's identification removed) for inspection at the end of 1995. The Quality Assurance and Accreditation Committee may conduct random on site reviews of the record system when necessary.

4.2 Acting as clinical supervisor of vocational trainees in Family Medicine.

4.3 Teaching medical students in general practice clinical attachments.

4.4 Passing one or more segments (65% or above) of the Conjoint Fellowship Examination of the College and the RACGP.

4.5 Acting as examiner for the Conjoint Fellowship Examination of the College and the RACGP.

4.6 Maintaining a valid Certificate of Competency in cardiopulmonary resuscitation and basic life support.

4.7 Participation in a quality assurance activity or workshop organized by the College.

4.8 Completion of one or more practice assessment options of the RACGP.

For Subsections 3.7 to 4.8, the participant will have to apply in writing to the Quality Assurance and Accreditation Committee at the end of the academic year (December) if he/she wishes to obtain accreditation of his/her performance. It is the responsibility of the applicant to submit details (e.g. dates, contents and speakers of seminars) and written proof of attendance by the organizing institutions in support of the application. The Quality Assurance and Accreditation Committee has the final right in deciding the number of "Credit Hours" awarded for each activity.

BOARD OF VOCATIONAL TRAINING AND STANDARDS

Chairman : Dr. Cindy L.K. Lam
Deputy Chairman : Dr. Barry T.F. Bien
Members : Dr. Eddie Chan, Dr. Paul Cheung, Dr. Fung Yuk Kwan, Dr. Lam Tsan, Augustine, Dr. Albert Lee, Dr. Donald Li, Dr. Ian Marshall, Dr. Luke Tsang, Dr. Keith Tse, Dr. Wun Yuk Tsan, and Dr. Natalis Yuen

The past year was an exciting year with many new events for our Board. We were very happy that our six-year Vocational Training Programme in Family Medicine was approved by the Hong Kong Academy of Medicine at the beginning of 1995. The details of the new programme can be found in the third edition of the Handbook on Vocational Training in Family Medicine which can be obtained from our College Secretariat.

The number of trainees in Basic Training continued to rise. Higher Vocational Training in Family Medicine had formally started at the beginning of 1995. Fifteen trainees have enrolled in the Higher Programme. The list of our trainees in 1994/95 is listed in appendix A. The list of our current honorary clinical supervisors for Higher Vocational Training in Family Medicine is listed in appendix B.

We also had a very good response from our Fellows to our recruitment of honorary clinical supervisors and mentors. In order to encourage trainers to

take part in regular formal trainer training activities, a formal 5-module trainer training course was started in May, 1995.

The number of accredited training centres continued to increase. The Union Hospital was accredited for hospital based training, the Institute of Family Medicine, the Evangel Hospital Ngau Tau Kok Outpatient Clinic, Dr. Sun & Associate and the Chai Wan Families Clinic were accredited for community based training. The current accredited training centres and their Hon. Clinical Supervisors of Basic Vocational Training in Family Medicine is listed in appendix C. Our mentors are listed in appendix D.

The 1994/95 programme of training seminars for trainees in basic training is listed in appendix E.

Congratulations to our trainees, Dr. Kwok Chi Sum, Dr. Ho Kin Sang, Dr. Linda Hui, Dr. Ngan Sze Yuen, Dr. Roger So, Dr. Tsui Kwok Biu and Dr. Yiu Yuk Kwan for passing the HKCGP/RACGP Conjoint Examination in 1994 and for being elected Fellows of the HKCGP. Dr. Kwok Chi Sum, Dr. Ho Kin Sang, Dr. Linda Hui, Dr. Roger So and Dr. Tsui Kwok Biu were also elected Fellows of the Royal Australian College of General Practitioners.

The Board certified the completion of 4 years of Basic Vocational Training in Family Medicine for Dr. Chui Siu Hang, Dr. Lam Hon Man, Dr. Ng Tze Kong and Dr. Ting Man Nin in October, 1995.

I would like to take this opportunity to thank all our Board members, honorary clinical supervisors, mentors and Ms. Alice Ting for their hard work.

EDITORIAL BOARD

Editor — Dr. Lam Tai Pong

The Editorial Board had another successful year. Drs. John Chung and Wong Hung Wai have continued as Deputy Editors. The Board welcomed Dr. David Owens as new member of the Board, joining Drs. Eddie T. Chan, David Chao, Betty K.M. Kwan, Cindy L.K. Lam, Bernard W.K. Lau, Glenn K.L. Lee, Peter C.Y. Lee and John Mackay.

Professors S.H. Lee, Mark Tso and Jean Woo and Dr. Mak Ki Yan and joined Professors Tony Dixon, Wes Fabb, S.T. Fan, A. Hedley, C.R. Kumana, P.C. Leung, C.W. Ogle, C.A. Van Hasselt, C.Y. Yeung and R.T.T. Young and Drs. Cindy Aun, Augustine F. Cheng, Walter W.K. King, C.P. Lau, Grace Tang and Wong Chung Kwong as members of our panel of Honorary Contributing Editorial Consultants.

The Journal has continued to receive a good number of quality submissions. A new front cover was introduced in January 1995, which gave the Journal a new look. We also received several requests from other journals to reproduce our articles, which reflects the quality of our publications. The Journal is now also the major source of information for members to learn about the activities available for the College's CME programme.

As Editor, I wish to thank every member of the Board, the Honorary Contributing Editorial Consultants, those who contributed to the Journal and the College Secretariat for their unfailing support and hard work. I would also like to thank the authors for sharing with us their knowledge and expertise. To all companies that contributed unreservedly to the Journal by their advertisements, goes a warm thank you for their support and generosity.

NOMINATION COMMITTEE

Chairman: Dr. Donald Li
Dr. Stephen Foo (Ex-officio)
Dr. Paul Lam (Ex-officio)

Dr. Luke Tsang (Chairman, Ad Hoc Committee on Remedial Training)

Dr. Ian Marshall (Chairman, Board of Examinations)

Dr. Cindy Lam (Chairman, BVTS)

Dr. Eileen Tse (Chairman, Board of Education)

The nomination committee was formed in March 1995 to:

1. To nominate College members for election to Fellows of the HKAM
2. To assess foreign medical graduates in relation to their suitability for elections to Fellowship of the HKAM
3. To consider nominations for Honorary Fellows of our College
4. Carry out other related businesses

The nomination committee continued to scrutinize fellows recommended by the remedial program subcommittee chaired by Dr. Luke Tsang and submitted 18 names to the Hong Kong Academy of Medicine for their approval to grant fellowships in the specialty of family medicine. There were 17 successful nominations.

Working together with the Board of Examinations and BVTS, end-point assessment was also performed for the proposed fellows.

As of September 1995, the following are recognised higher qualifications in family medicine:

Fellow of Royal College of General Practitioners (FRCGP)
Fellow of the Canadian College of Family Physicians (FCCFP)
Fellow of Hong Kong College of General Practitioners (FHKCGP)
Fellow of Royal Australian College of General Practitioners (FRACGP)
Member of Royal College of General Practitioners (MRCGP)

RESEARCH COMMITTEE

Chairman — Dr. Y.T. Wun

The management guidelines on vaginal discharge was finished and published in 1994 (The Hong Kong Practitioner 1994; 16(9): 457-461).

The Research Committee has finished the morbidity survey in the local general practice. A report on the morbidity pattern was published in the College journal (The Hong Kong Practitioner 1995; 17(6): 246-255). Further reports are under preparation.

The Best Research for the Year 1994 was awarded to Dr. Lam Tai-pong (principal author), Dr. Iris Chi, Prof. Leon Piterman, Dr. Cindy Lam and Dr. Ian Lauder for the project "Community Attitudes to Institutional Care of the Aged in Hong Kong". The Committee prepares to give the same Award for 1995.

The Committee at present is doing a survey on incontinence and elderly urinary symptoms in general practice.

MEMBERSHIP COMMITTEE

Chairman — Dr. Andy K.Y. Cheung

The current membership of HKCGP is as follows:-

Fellows	127
Full Members	310
Associate Members	348
Affiliate Members	1
Student Members	165
Overseas Fellows	9
Overseas Members	25
Visiting Members	3

Total	988
-------	-----

Fifteen new Fellows were elected at the Conferment Ceremony in June 10, 1995. The number is triple that of last year. This reflects that more members are willing and are able to meet the challenge of taking postgraduate professional education and examination.

This year, a new category of membership – Overseas Fellows, was set up so that Fellows residing overseas can still maintain a link with our College.

It is hoped that all general practitioners in Hong Kong will join our College eventually and participate in events which are designed mainly for our discipline.

HOUSE MANAGEMENT COMMITTEE

College Secretariat

Administrative Manager : Ms Teresa Lee

Administrative Executives:-

Board of Examinations	: Miss Winnie Kung
Council	: Miss Kris Lam
Board of Education & BVTs	: Miss Alice Ting
Finance	: Miss Eva Wong
Clerk	: Ms Azter Wong
Messenger	: Mr. Peter Wong

Chairperson : Dr. Luke C.Y. Tsang

The household of the College has an energetic and devoted team of "house members". The busy household supports all the activities of the College. College members and fellows are encouraged to utilize the facilities offered by our Secretariat which includes library of books and journals, video types, video packages, meeting rooms and secretarial services. Plans for new air conditioners and upgrading our computer facilities are underway.

INTERNAL AFFAIRS COMMITTEE

Chairman — Dr. Barry Bien

~~The 8th Conjoint Fellowship Conferment Ceremony of HKCGP/RACGP & the 6th Dr. Sun Yat Sen Oration was successfully held on 10 June, 1995 at the Hong Kong Convention & Exhibition Centre. It was followed by the 14th WONCA World Conference with a series of activities in the following week.~~

~~The 6th Dr. Sun Yat Sen Oration entitled 'The Challenge for Doctors Today' was delivered by Professor Rosie Young.~~

The HKCGP was honored to receive overseas guests including Presidents of Member Colleges of WONCA, Executives and members of WONCA Council. We were also honored by the presence of local guests and representatives from various academic institutions, hospitals, societies and specialist colleges.

Dinner held at the floating restaurant at Aberdeen the same evening was well attended by 96 guests. We all had a great time.

The Internal Affairs Committee wishes to thank all those who gave their time and effort in making this annual event such an enjoyable and meaningful moment. Personally I would like to thank the College Secretariat for their timeless effort and great help with the organization of this ceremony.

Lastly I would like to thank Glaxo Hong Kong Ltd. for its generous support.

PUBLIC EDUCATION COMMITTEE

Chairman — Dr. Paul C.H. Siu

In March 1995, our College has organised a Community education programme jointly with Fung Yiu King Hospital. A public educational exhibition was held on 5th March 95 at the Aberdeen Community Centre. Dr. Donald Li was one of the main speakers in the function. Throughout the day, a number of our Fellows and members have volunteered in providing free medical consultations and educations to the local elderlies. The function was well attended with over 300 participants.

A regular public educational series was broadcasted in the ATV 方太生活廣場醫學節目 introducing the basics on Family Medicine. Dr. Paul Siu is the speaker for the said function. The programme started in July 1995 and will last until the end of this year.

The committee is also in the process of publishing some educational pamphlets on Family Medicine. Members who are willing to contribute articles are welcome to forward their contributions to the chairman through the College secretariat.

BUSINESS MANAGER

Chairman — Dr. Ip Kit Kuen

It has been a busy year to work in the capacities as the business manager of both our College and the Host Organising Committee of the WONCA World Conference 1995. Apart from the routine contacts with our friendly pharmaceutical companies, I have worked with the WONCA sponsors in preparing the Conference. Thanks to all people who have supported us, and you can see from Dr. John Chung's report that our College hosted one of the most successful WONCA World Conferences.

The WONCA Conference carries a total expenditure of over eight million dollars. We depended very much on sponsorship in making the budget balance.

I must mention GLAXO, the premier sponsor of the event, which has made a huge contribution to the Conference. Without their support, our target would not be possible.

In addition, on behalf of the College, I would like to express our gratitude to the following organisations for their invaluable support in the past one year.

Abbott Laboratories Ltd.
Acseine HK Ltd.
Astra Pharmaceuticals (HK) Ltd.
Bristol Myers Squibb (HK) Ltd.
Burroughs Wellcome & Co (HK) Ltd.
Celki International Ltd.
Ciba-Geigy (HK) Ltd.
Compuscreen Medical Diagnostic Centre
Glaxo Wellcome HK Ltd.
Janssen Pharmaceutica
Lundbeck Inchcape JDH Pharmaceutical Division
Merck Sharp & Dohme (Asia) Ltd.
Parke-Davis
ReSound Ltd.
Roche Pharmaceuticals & Chemicals Ltd.
Sandoz Pharmaceuticals Ltd.
Schering Ltd.
Schering-Plough
SmithKline Beecham Pharmaceuticals
Synthelabo-HK
Weston Pharmaceuticals Ltd.
Wyeth HK Ltd.

FINANCE COMMITTEE

Chairman — Dr. Ip Kit Kuen

Members : Dr Stephen Foo
Dr Paul Lam
Dr Donald Li
Dr Paul Siu

The Finance Committee is responsible for the planning of the College's finance. In order to streamline the income and expenditure information, the Finance Committee is auditing the income and expenditure of each board and committee regularly. Any unexpected financial situation will be revealed and action will be taken accordingly.

We have encountered difficulties in planning a balance budget this year. Membership subscription generates half a million dollar, which constitutes only one-quarter of the total budget of the College. We depend very much on the financial support from friendly pharmaceutical companies to subsidise the running expenditure of our College. Due to slowing down of the economy and competition from other sister colleges, we anticipate that there will be difficulties in finding adequate support from pharmaceutical firms. Inevitably and reluctantly, the finance committee has proposed to adjust the membership subscription. We hope members can understand the situation and support the proposal.

Finally, I wish to thank our honorary auditors Ho and Ho & Company for their advice and our Executive Secretary, Miss Eva Wong, for her unfailing service.

HONORARY TREASURER'S REPORT

Chairman — Dr. Paul C.H. Siu

Same as previous years, the financial accounts of our College are managed under 2 separate accounts, namely the HKCGP (College) account solely responsible for subscriptions from our various categories of Members and Fellows; and the HKCGP Education Ltd. (Education) which deals with daily transactions of the various College activities.

The College has a relatively stable financial status this year (up to date of this report). Despite an increased demand on funds from our various Committees with the ever increasing College activities, we have received a substantial income from Advertisements in our College journal "The Hong Kong

Practitioner". Furthermore, majority of our educational functions (including our Annual refresher course) are well sponsored, thanks to the efforts of our Business Manager and Chairman of the Board of Education. Also an increased number of candidates participating in our Fellowship Examination this year also provided us with an extra source of income. All these, together with our regular members' subscriptions have enabled our College to maintain a well balanced accounts for the regular running of our College.

We are also proud to report that after hosting the WONCA conference in June this year, our College has managed to make a significant surplus from this conference. Although the final account of this conference has not yet been finalised yet, we envisage that such financial gain is able to provide a booster on our financial assets and provide us extra resources in upgrading the various facilities of the College in the years to come.

With the establishment of the HKCGP Foundation Fund, the College is open to voluntary contributions from our members as well as public benefactors who have interest in the promotion of Family Medicine in Hong Kong. **All contributions towards this fund is tax deductible** and will be properly acknowledged for such worthy course. This fund is used to set up research projects, grants, donations and training programmes for the promotion and upgrading in the standards of Family Practice in Hong Kong.

Report of The Honorary Auditors to the Members of The Hong Kong College of General Practitioners

We have audited the financial statements on pages 53 to 58 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

Respective Responsibilities of Directors and Auditors

The Companies Ordinance requires the directors to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of Opinion

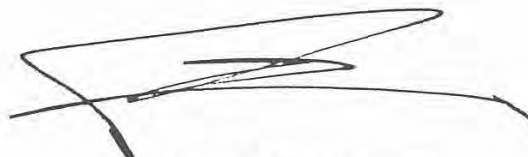

We conducted our audit in accordance with Statements of Auditing Standards issued by the Hong Kong Society of Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the College's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements. We believe that our audit provides a reasonable basis for our opinion.

**Report of The Honorary Auditors to the Members of
The Hong Kong College of General Practitioners**

Opinion

In our opinion, the financial statements give a true and fair view of the state of the College's affairs as at 31st March 1995 and of its surplus for the year then ended and have been properly prepared in accordance with the Companies Ordinance.

We have audited the financial statements on pages 68 to 70 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

Respective Responsibilities of the Executive Board Members and Auditors

The Companies Ordinance requires the Executive Board members to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

We are engaged to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of Opinion

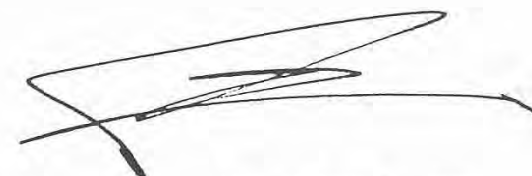

We conducted our audit in accordance with Statements of Auditing Standards issued by the Hong Kong Society of Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Executive Board members in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Foundation's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements. We believe that our audit provides a reasonable basis for our opinion.
