PRESIDENT'S MESSAGE (DR DAVID V K CHAO)

(July 2023 to June 2024)

It has had a fruitful year for the Hong Kong College of Family Physicians (HKCFP). Thanks to all the dedicated efforts of the chairpersons and members of the Boards and Committees and the hardworking secretariat of HKCFP, we have strived to provide ample of opportunities for professional training, continuing medical education, and continuing professional development for our membership including our College Fellows, members, family doctors in training as well as those in community practice.

We have continued to collaborate with our sister Colleges under the umbrella of the Hong Kong College of Academy of Medicine to support the our specialty training, we are very grateful for the support provided by the leadership of the Hong Kong Academy of Medicine and all the sister Colleges under the Academy.

Our collaboration with the Royal Australian College of General Practitioners (RACGP) on vocational training and conjoint Fellowship examination has been steadfast and is approaching four decades. We are grateful for the collegiality and ongoing strong support by the RACGP and we look forward to even closer collaboration in the years to come.

With the establishment of the Primary Healthcare Commission, the HKCFP looks forward to contributing further towards the Government's policy of enhancing Primary Healthcare and realising the "one family doctor for every person" in the community.

HONORARY SECRETARY'S MESSAGE (DR CECILIA Y M FAN)

(July 2023 to June 2024)

Along with the recovery after the COVID-19 pandemics, much of the work of HKCFP has continued with online options in addition to the traditional work model. It is appreciated that this good work is contributed by the extra effort of the secretariat. With the advances in technology, we shall continue to apply online tools and digital applications, wherever appropriate, to provide greater convenience to our members while contributing to environmental protection.

The 13th Hong Kong Primary Care Conference was successfully held in hybrid mode for the 1st time from 23 to 25 June, 2023. This year's theme was "Flourishing Primary Care: Family Doctor for Everyone" highlighting the strong commitment of our government for robust primary healthcare in Hong Kong, along the path of the Primary Care Blueprint released in December 2022. This annual signature conference has consistently attracted the primary care community with an immense response of over 700 registered delegates.

The 36th Fellowship Conferment Ceremony of the Hong Kong College of Family Physicians (HKCFP) and the 33rd Dr Sun Yat Sen Oration was successfully held on 25 June 2023 at the Hong Kong Academy of Medicine Building. This year, there were 41, 30 and 12 doctors conferred as HKCFP Fellows, RACGP Fellows and RACGP International Conjoint Fellows respectively; 24 and 38 doctors awarded the Exit Examination Certificate and Diploma in Family Medicine correspondingly. Congratulations and warm welcome to all again for joining our family as fellows and specialists in Family Medicine. It is our great honor to have Dr. Libby Lee, Under Secretary for Health, Health Bureau of the Hong Kong Special Administrative Region (HKSAR), who delivered the inspiring 33rd Dr. Sun Yat Sen Oration titled "Reform on the Road".

As for the College's new souvenir, a polo shirt has been designed. This is meant to enhance a sense of belonging and identity of our members, as well as to promote a climate of collegiality when members could wear it at College events where the dress code is applied. The "Bring Colours to Life" motto printed on the polo shirt and its colourful design represent our common wish for everyone to enjoy a colourful and vibrant life, full of happiness and fulfilment. This polo shirt would be available for a limited time. You might wish to get one while stocks last.

The 50th Anniversary of the College would fall onto 2027. The College Council has decided to bid for hosting the WONCA World Conference in 2027 and has arranged a bid presentation during the WONCA World Council meeting in Sydney in October this year. Our bidding Committee received support and endorsement from various stakeholders, including Government of the HKSAR, the Hong Kong Tourism Board, the Hong Kong Academy of Medicine, Universities etc. Although we did not win the bid, we have gained valuable experience and friendship. On the other hand, Dr. Cheryl Chan, who represented the College, has been successfully elected as the WONCA Young Doctor Representative for 2023–2025. We believe Dr. Chan could help accelerate collaboration and strengthen synergy for young doctors in the Asia Pacific Region and around the world.

This year, we are celebrating World Family Doctor Day under the theme "Healthy Planet, Healthy People," emphasizing the connection between the health of our planet and the health of our patients. Primary care plays an important role in reducing the healthcare sector's carbon footprint. By focusing on early disease detection and lifestyle change, the need for resource-intensive medical treatment could be reduced, which, not only brings to improved health outcomes but also significantly lowers emissions by minimizing energy-intensive procedures. Looking ahead, environmental protection is a serious and far-reaching topic, worthy of more extensive efforts to explore.

I would take the opportunity to thank all the contributions from our dedicated fellows, boards and committee members, particularly my sincere gratitude to the Secretariat and Ms Erica So, our General Manager, for their

hard work to make all these events run smoothly throughout the difficult time of the pandemic in the past year.

The Examination

The format of the 37th Conjoint Examination 2023 was the same as in previous years, consisting of both Written and Clinical Examinations.

Preparatory works for both segments started early from the beginning of the year. Thanks to the tremendous contributions of our Board members, our case writers and all our examiners.

Introduction of Clinical Competency Exam to fellow Examiners

An introductory lecture was delivered by Dr Gary Butler (RACGP National Clinical Lead for Assessment) on the evening of 3rd November 2023 explaining to our Conjoint examiners details about the new format of the clinical exam – Clinical Competency Exam CCE. The CCE will replace our OSCE in 2024. 61 examiners attended the talk.

Information Seminar for Candidates

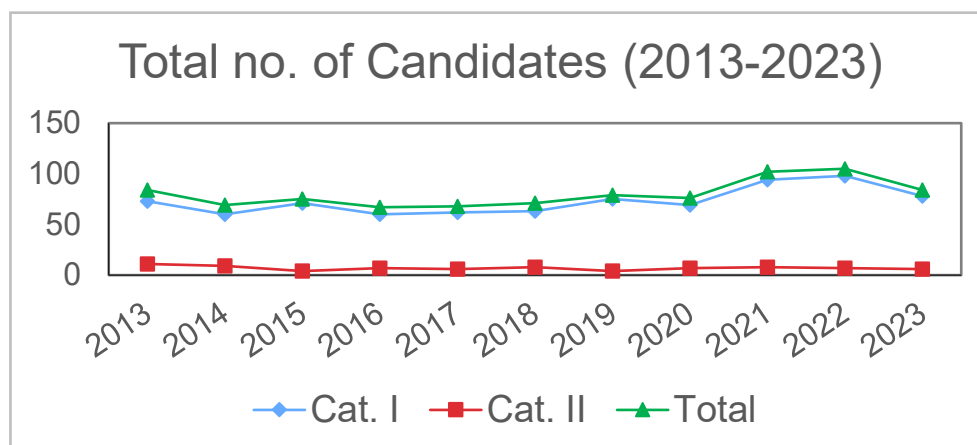

An information seminar for candidates sitting the clinical segment was organized on 18 June 2023. 31 candidates attended. The purpose of the seminar was to provide first-hand information to the candidates on the various aspects of the examination (including the logistics, expectations, marking and standard setting methods, and so on), in order to help them become better prepared for the examination and to minimize their anxiety and misunderstandings. Interactive sessions with video-taped scenarios were also conducted.

Number of candidates

There was altogether a total of 84 candidates sitting for this year's examination, with 78 candidates of Category I and 6 Category II respectively.

52 candidates sat for the Written Segments (46 Cat I and 6 Cat II candidates), while 43 candidates sat for the Clinical Examination (37 Cat I and 6 Cat II candidates).

External Examiners from RACGP

Dr Chris Hughes (RACGP Censor) and Dr Gary Butler (RACGP National Clinical Lead for Assessment) were the visiting External Examiners from RACGP this year for the OSCE Examination on 4 - 5 November 2023.

Security

Strong emphasis was put on the security measures as in previous years. All preparatory procedures were carried out according to our security protocols, including:

1. Strict adherence to the working protocol by staff handling all the examination materials.
2. Use of designated Case-Writing Subcommittee, consisting of Examiners, led by our Chief Examiner, to be responsible for the preparation of all the OSCE cases.
3. A centralized process for development of examination cases and marking schemes, with examination materials exposed to a minimal number of persons.
4. Strict adherence to the security protocol for the OSCE examination by all examiners (including strict prohibition of electronic transference of exam materials).
5. Transmission of confidential examination materials through the secured sharing platform as suggested by RACGP.
6. Presentation of OSCE examination materials to examiners only on the day of examination.
7. Continual appeal to the professional integrity of all involved in the examination.
8. Forbiddance of use of any electronic devices by candidates inside examination venue.
9. Prompt data entry of candidates' scores on the same day of examination.

All these measures, among many others, were well adhered to throughout the whole examination period.

Quality Assurance

Quality assurance of our examination was maintained by the large number of experienced local examiners in our panel. Pairing up experienced examiners with less experienced examiners also helped to improve its validity. Our local QA Examiners and External Examiners continued to assess and monitor the standards of our local examiners as well as the role players. Comments on individual examiner by various QA Examiners were grouped and sent to each examiner for reference.

Examination Prize: "Dr Peter C Y Lee Best Candidate Award 2023"

It was the nineteenth year that the College offered this prize. From the year 2013, this award was renamed "**Dr Peter C Y Lee Best Candidate Award**" for commemorating Dr Peter Lee's contribution to the discipline of family medicine. The "**Dr Peter C Y Lee Best Candidate Award 2023**" was presented to Dr LIU Ka Yee and Dr WOO Long Yiu, who had passed the Conjoint Examination at one setting and achieved the best performance in the examination.

Acknowledgement

The Board of Conjoint Examination would like to thank our Chief Examiner, segment Coordinators and segment Deputy Coordinators for contributing so much of their time and effort throughout the entire examination, all the Board members for their active participation, the External Examiners from RACGP for their continual advice and support, all our QA Examiners, Case-writing and Marking Examiners, Trainee Examiners, and Role Players for their time and contributions before and during the examination, and all our College secretarial staff and helpers for their excellent administrative and supportive works.

CHAIRMAN'S MESSAGE

The DFM course entered her twenty-second year. This was a successful year as thirty-three candidates graduated in the DFM course 2023 - 2024. The Board praised the candidates for their hard work and commitment in learning new knowledge and skill in Family Medicine and congratulated them on their wonderful accomplishment.

On behalf of the Board, I would also like to take this opportunity to thank Professor Cindy L K LAM, Professor Donald K T LI, Dr Stephen K S FOO and our President, Dr David V K CHAO for their continuous support and guidance. Lastly, I like to express my deepest appreciation to Dr Edmond C W CHAN for leading his team in organizing the final examinations, Dr CHAN Man Li for his dedication in clinical examination, Dr Bobo H Y TSUI for her dedication in written examination and all the hardworking Board members, teachers, examiners and trainee examiners for their unfailing support and selfless contribution. I also wished to thank our secretarial staff Ms Alky H K YU for her diligent work.

CHAIRMAN'S MESSAGE

During the year 2023-2024, the Board continued to organize a series of different educational activities for our members and doctors in Hong Kong. Excluding the meeting of individual small discussion groups, the Board had provided a total of 71 sessions of CME activities contributing 122 learning hours for our members in the whole year. These abundant activities were outlined below.

Cardiopulmonary Resuscitation (CPR) Training: Advanced Primary Care Life Support Training

The Advanced Primary Care Life Support (APCLS) organized by the CPR Work Group was launched in 2017 in order to align with our Sister College (RACGP) requirement of Advanced Life Support components, namely the airway management, neck support and automated external defibrillation (AED) on top of basic life support.

2 sessions of APCLS training workshops were held successfully and the arrangement was well-received by the participants and instructors.

This year, we had 73 members who passed the APCLS Examination and were awarded the Certificate of Competency in Advanced Primary Care Life Support, which is also endorsed by the Resuscitation Council of Hong Kong.

The Board would like to express our deepest appreciation to our external examiner from RCHK, namely Dr. CHOI Yim Ping and Dr. Albert C H LIT in the instructor and examination workshops. Furthermore, sincere thanks must be given to Dr David S L CHAN, Dr AU-YEUNG Shiu Hing, Dr KONG Che Wan, Dr Mary B L KWONG and Dr WONG Pak Hoi in coordinating the training manuals, various workshops; and all instructors and trainee instructors as listed below for their time and effort in helping out the CPR training and examination for our members.

Instructors: Dr David S L CHAN, Dr CHEUNG Ying Man, Dr John T N CHUNG, Dr HUI Lai Chi, Dr KO Siu Hin, Dr KONG Che Wan, Dr Michael C H KWOK, KWONG Hon Kei, Dr Mary B L KWONG, Dr Millicent L K LEUNG, Dr Selina S W LEUNG, Dr Danny P K MA, Dr MO Kam Chuen, Dr TAM Wah Kit, Dr Luke C Y TSANG, Dr Keith TSE, Dr WONG Ka Wah, Dr Amy O Y WONG, Dr WONG Pak Hoi and Dr Rita W M WONG.

Assessment Enhancement Course

Assessment Enhancement Course remained one of the most welcome courses in her 24th year of establishment. I would like to thank all the tutors in contributing their time and effort in this course. The course has proven to help tremendously in improving the skills on consultation, physical examination and other various aspects of the participating doctors. Furthermore, a mock examination on OSCE was arranged at the end of the course, which is very useful to our members in preparing the Conjoint Fellowship Examination. The Board would like to express our sincere thanks to Dr Florence S S LAI in coordinating the course and all tutors for their hard work as follows: Dr CHAN Man Li, Dr Ricky K S CHAN, Dr CHAN Wing Yi, Dr CHAN Yuen Ching, Dr CHANG Hoi Yi, Dr Peter Anthony FOK, Dr Andrew Y W FUNG, Dr Candy Y T HUI, Dr JIAO Fangfang, Dr Matthew T C LAM, Dr NG Kai Man, Dr NG Tsz Chung, Dr SZETO Chui Ying, Dr TAM Long Yee, Dr TSAI Hung Yu, Dr YEUNG Lok Ki, Dr Genevieve M L YIU, Dr WONG Chiu Lun and Dr WONG Kwok Hoi.

Annual Refresher Course

Annual Refresher Course has been the traditional major year-end event for 43 years. ARC 2023 was held online, also hybrid mode (i.e. face-to-face & online) would be available to some of the sessions. We had 6 weekday lectures and 3 Sunday workshops and over 252 members attended the course. We would like to thank all those participants who returned their evaluation questionnaires. Their comments and suggestions are invaluable in helping us to plan for the next ARC.

Professional Development Work Group

Since 2005, 10 Interest Groups have been formed under Professional Development Work Group Clinical Family Medicine, Chronic Disease and Geriatrics, Counseling, Dermatology, Evidence-based Medicine, Medico-legal Alert, Mental Health and Psychiatry in Primary Care, Medical Humanities, Neuro-Musculoskeletal and Point-of-care Ultrasound (POCUS) Interest Groups.

Our Interest Groups provide a platform for all members of our College in public and private sectors to meet and exchange their experience. Members are encouraged to participate and present their cases or problems for discussions or role-play for sharing. Sharing experience is an important mode of gaining knowledge. Both the experienced and less experienced doctors can benefit from their participation.

Sharing problem cases with specialists or experts will provide peer support, skill-mix, knowledge transfer and bridging the professional gap. This will help to solve our clinical problems and queries, upgrade our standard, raise our morale, and increase our job satisfaction. This will also promote early awareness, clinical governance and risk management in respect to different medical fields, to assure a better management and a high-quality health care for the public.

The Dermatology Seminar (Organized by Interest Group in Dermatology) scheduled to have regular bimonthly meeting on the first Saturday afternoon of odd months (except public holidays) in the year 2023. We had 3 meetings in 2023.

CHAIRLADY'S MESSAGE

This year has passed smoothly in the running of the Board's regular activities. After COVID-19 Pandemic, the Board had gradually resumed normal of some special measures during the period, balancing the training need and grace period for feasible implementation. All Board members and subcommittee members had helped on various BVTS's activities such as responding trainees' enquiries, checking new applications for enrollment, checking logbooks for completion of trainees' training, organizing the workshop for both basic and higher trainees, travelling to various training centers for accreditation, reviewing the Structural Education Programmes for pre-approval and holding the quarterly board meeting etc. All these activities are ongoing all through the year and important to the standard of vocational training.

The usual statistics up to 31st March 2024 are as follows:

New enrolled Basic trainees	: 58
New enrolled Higher trainees	: 31
Total Basic trainees	: 160
Total Higher trainees	: 64

The Board implemented a clear policy on Critical Incident reporting and with clear briefing to trainees, supervisors and other key stakeholders with related forms. The progress was reported to RACGP by the end of March 2024.

A revamp of Higher Training was implemented to reinforce competency based approach to higher training and empower continuous professional development. It involves higher trainee who were newly joined in 2024. Changes were mainly focused on how the process of training would result in competencies in normal daily practice and in working practice. As a result, there were changes in documentation of process of training and a revamp in higher training logbook and documentation of activity and competence Log. The revamp was still working in progress and other areas of changes would be implemented in following months of 2024 for year one higher trainee.

Lastly, I would like to take this opportunity to thank all our Board members, honorary clinical supervisors, training coordinators, training unit head for their contributions in the training programme. I would also like to express my sincere gratitude to our administrative executives Ms. Kathy Lai, Ms. Hannah Lok and Ms. Maggie Cheung who are highly committed in their duties to serve the trainees and the Board's running. Their efforts and patience are very much appreciated.

Output

Congratulations to our trainees for passing the 37th **HKCFP/RACGP** Conjoint Examination in 2023 and for being elected Fellows of the Hong Kong College of Family Physicians and the Royal Australian College of General Practitioners.

CHAIRMAN'S MESSAGE

The Editorial Board would like to express our heartfelt gratitude towards all contributing authors, Editorial Board members, business manager, reviewers, advisers, ex-officios, and our secretariat staff for their expert support and tremendous dedication over the previous year. Our deepest appreciation also goes to the journal's readership for their ongoing encouragement and support. The Editorial Board would continue to consider means to enhance the contents of the Hong Kong Practitioner in order act as a useful platform for supplying quality academic articles to the busy family doctors.

As the official journal of the Hong Kong College of Family Physicians, The Hong Kong Practitioner continued to provide updated information on Family Medicine related topics to our College Fellows, members, and colleagues both locally and overseas. Over the course of the year, we have published original research articles, update articles, case reports, discussion papers, editorials, clinical quizzes and internet updates), as well as Dr Sun Yat Sen Oration. With the help of the Editorial Board members and the expanded Panel of Reviewers, the Board's peer review capacity has been further strengthened. Thank you all once again.

The Specialty Board conducted 2023 Supplementary Exit Examination from 2 July to 30 September 2023. 9 candidates sat the supplementary Exit Examination and 4 of them successfully completed and passed the whole Exit Examination.

The 2024 Full Exit Examination was held from 1 December 2023 to 31 March 2024. 29 candidates attempted the Examination and 11 candidates successfully completed and passed the whole Exit Examination.

The successful candidates were:

Dr CHAN Kam Sheung
Dr CHAN Yuen Ching
Dr CHAU Yiu Shing
Dr CHIANG Lap Kin
Dr Michelle S W CHOI

Dr CHUNG Hiu Yeung
Dr Olivia W Y HO
Dr LAM Kang
Dr LO Wei
Dr Candy S W LUK

Dr MA Man Ki
Dr Amy P P NG
Dr TSAI Hung Yu
Dr. WONG Chiu Lun
Dr. Henry H H WONG

The “**Outstanding Candidate Award 2024**” was presenting to Dr Candy S W LUK, who had passed the Exit Examination at one setting with outstanding performance in the Examination.

The Board had organized Preparatory Workshop, Pre-Exit Examination Workshop and Post-Examination Evaluation Workshops for candidates.

Forums for Clinical Audit and Research were also held twice per year providing platforms for candidates to present their clinical audit reports and research papers.

In addition, Refresher Training Course (RTC) was also organized for examiners to maintain the standards of the assessment. The seventh Refresher Training Course for examiners was held in November and December 2023.

The following Examiners/Trainee Examiners/Exam Observers fulfilled 75% or above attendance and obtained the RTC Certificate 2023.

Another task of the Board is to scrutinize applications for nomination to Fellowship of the Hong Kong Academy of Medicine in Family Medicine. It also assesses application for Certificate of Specialist Registration with comparable training according to guidelines laid down by Education Committee, HKAM and makes recommendation to our College Council. The College submitted 14 fellowship nominations and were all approved by the Hong Kong Academy of Medicine.

Finally, the Board would like to express our most sincere thanks to all examiners for their dedications and hard work in making the Exit Examination possible and successful.

This year the CME activities/lectures were held in face-to-face, hybrid or digital online platform also for providing different types of lectures/seminars to our members continuously. The regular Dermatology seminar, Mental Health Seminar and Medical Humanities Seminars organized by respective interest groups were most welcomed by our members. The Online Certificate Course on Management of Common Skin Problems in General Practice, the Certificate Course on Palliative Care for Primary Care Doctors 2023 co-organized with the Hong Kong Society of Palliative Medicine and the Certificate Course on Bringing Better Health to Our Community co-organized with Queen Elizabeth Hospital were well-attended by members.

The Advanced Primary Care Life Support (APCLS) Training and Examination Workshops and Assessment Enhancement Course (AEC) were held successfully with physical attendance. Annual Refresher Course (ARC) were also successfully held in hybrid format by the Board of Education. As usual, we have yearly pre-examination workshop for the candidates and standardization for the examiners arranged by Board of Conjoint Examination and Specialty Board.

The 13th Hong Kong Primary Care Conference with the theme “Flourishing Primary Care: Family Doctor for Everyone”, was successful held in hybrid mode on 23rd to 25th June 2023 after 3 years of COVID-19 pandemic with more than 700 local and overseas participants. These valuable activities, some are generously sponsored by pharmaceutical companies, can effectively enhance and update a broad range of medical knowledge for our members.

We had a memorable evening of 46th Annual Dinner held on 3rd December 2023 at the Hong Kong Academy of Medicine Jockey Club Building and shared our joyful moment with all our members and invited guests together. We had the lucky draw that night. I would like to take this opportunity to thank our College Censors & Council members, Cordis Hong Kong for their generous donation of the lucky draw prizes.

Our Journal remains to be one of the most outstanding and widely circulated local medical literatures. The advertising section in The Hong Kong Practitioner and The FP Links, The College's bulk e-mail mailing and circulating services[^] from members and other institutions remain very popular.

I would like to take this opportunity to thank the Committee members for their contributions.

On behalf of the College, I would also like to express my gratitude to all the following companies and organizations for their generous support for the College's functions in the past one year:

Abbott Laboratories Limited	Merck Pharmaceutical Company Limited
Amgen Hong Kong Limited	Merck, Sharp & Dohme (Asia) Limited
AstraZeneca Hong Kong Limited	Moderna Hong Kong Limited

College Statistics – Trainer to Trainee Ratio and College Intermediate / Exit Examination Passing Rates (2022)

EC noted that annual returns of the Trainer to Trainee Ratio and College Intermediate and Exit Examination Passing Rate in 2022. The trainer-to-trainee ratio across all Colleges and their respective specialties were well maintained.

Summary of Fellows' Total Number of CME/CPD points and Compliance Status for Cycle 2020-2022

All eligible HKCFP fellows of HKAM fulfilled the requirement of CME/CPD compliance.

In addition, to cope with increasing number of submitted CME/CPD proofs after the deadline set by the Academy, a "late charge" of \$3,000 would be imposed as a penalty according to the Academy's prevailing practice. The Academy would process the CME/CPD proofs only upon the receipt of penalty fee. It was agreed to further review the penalty levied on Fellows for late submission of CME/CPD proofs and the deadline for handling such late submission of proofs.

Strategic Planning Retreat on Education and Training

In September, HKAM formed a Faculty Development Working Group comprising representatives from 15 Colleges. The Working Group aims to provide valuable input on matters related to faculty development programs for fellows. While the roadmap and timeline of the faculty development would be deliberated by EC, all Colleges were encouraged to utilize the Framework to develop their "Train the Trainers" courses taking reference to the 10 learning outcomes and to promulgate the longitudinal faculty development. The Working Group suggested adopting the Basic Medical Education Course (BMEC) as the faculty development programme.

The Hong Kong Jockey Club Innovative Learning Centre for Medicine (HKJC ILCM) has developed the Basic Medical Education Course (BMEC) to support the strategy of the Hong Kong Academy of Medicine (HKAM) in promoting continuing education for our fellows. The BMEC serves as the primary course for faculty development at HKAM. The first and second BMECs were run successfully in October & November 2023.

Implications of the use of ChatGPT or any other AI-based tools

The Academy recognizes the rapid development of Large Language Model (LLM) or similar technologies (e.g. ChatGPT) and acknowledges the potentials and limitations of using such generative AI tools in providing information and ideas to assist trainees to complete written assignments for examination or assessment purposes, including but not limited to coursework / theses / case reports / research dissertations etc.

Trainees and Academy Colleges shall observe the following principles and guidelines (ver. July 2023) with respect to the application of generative AI tools in the preparation and the assessment of written assignments:

1. *Trainees are responsible for ensuring that their own submitted works are of sufficient originality. Only works which are of sufficient originality will be accepted. Contents which are produced solely or substantially by the generative AI tools do not satisfy this criterion for the purpose of submission for thesis or dissertation that would lead to a fulfilment of requirement for intermediate or exit qualification.*
2. *Output from generative AI tools should be critically appraised and verified by the trainee regarding its accuracy and authenticity, and should only be used, if at all, to guide or assist the preparation of written assignment. When applying such materials in preparing a written assignment, trainees are required to supplement, where appropriate, knowledge and information drawn from recognised academic resources, and to provide relevant discussions (e.g., alternative views or arguments etc.).*
3. *Trainees must disclose and acknowledge the use of any output from generative AI tools and the way that such output has been used when preparing a written assignment.*
4. *Colleges shall introduce, as soon as practicable, additional modalities of assessment (e.g. viva voce / oral presentation) so as to assess the trainee's own understanding of and contributions to the content of a written assignment, and also to offer trainees the opportunity to explain and justify the application of generative AI tools, if any and in any ways, when preparing the written assignment.*
5. *Colleges are strongly advised to replace assessment methods which are vulnerable to the misuse of generative AI tools with those which are educationally more robust as a matter of accountability.*

6. *Academic honesty and integrity should be upheld without compromise. Improper use of generative AI tools may lead to disciplinary actions or other consequences as determined by the Academy and relevant Colleges.*
7. *Trainees are required to follow respective College's relevant policy / guidelines in using generative AI tools as appropriate, and to consult the relevant training supervisors whenever in doubt.*
8. *Colleges are required to disseminate this policy to trainees when appropriate and to investigate questionable use of such technologies with due diligence.*

Updates on Self-directed Education/ Critical Appraisal Exercise form in Higher Training Logbook

EC endorsed the self-directed education and critical appraisal exercise form in HKCFP Higher Training Logbook.

Principles / Guidelines for accreditation of CME/CPD activities involving commercial elements

The "Procedures and criteria for accreditation of CME activities" have been made available on the Academy's website and the iMECPD system, where the organisers are required to acknowledge their adherence to the guidelines when submitting the CMECPD accreditation application to the Academy. When Colleges evaluate the accreditation of CME activities, they must consider any potential or actual commercial influence and bias. As a general principle, all scientific contents of a CME activity should not be influenced by any commercial considerations. In this connection, CME organizers must declare that consideration has been given to the possible commercial influence according to the following principles:

1. *The educational contents provided are expected to be free of any commercial influence or bias or any form of advertising;*
2. *Educational sponsorship is expected to be provided through an unrestricted educational sponsorship;*
3. *Educational materials provided entirely by a pharmaceutical or medical equipment industry will not be considered for accreditation unless they are presented by specialists or experts related to the field.*

Collaboration with the Primary Healthcare Commission (PHCC)

The College has set up a Working Group in response to one of the initiatives of the Primary Healthcare Office (PHO) in accordance with the Primary Healthcare Blueprint – to develop, update and promulgate the reference frameworks for primary care setting. The reference frameworks provide common reference to primary healthcare professionals to facilitate the provision of continuing, comprehensive and evidence-based care in the community. Our working group aims to develop new reference frameworks and update existing ones in collaboration with the Primary Healthcare Office. The College would invite members to express interest in joining the group to assist in drafting and/or reviewing the content of the Reference Frameworks.

WONCA World Conference 2023

In 2023, GP23 and WONCA 2023 were combined as one conference and hosted by RACGP in Sydney, Australia from 25 – 29 October 2023 with the theme entitled 'Recovery, reconnection and revival. A celebration of primary care'. This year, there were about 40 members of HKCFP attended the conference.

Bid for hosting the WONCA World Conference in 2027

As decided last year, College had submitted a bid to host the WONCA World Conference 2027 in Hong Kong. A bid presentation was conducted during the WONCA World Council meeting on 22 October 2023, followed by a cocktail reception hosted by HKCFP on the same day. Thanks to Prof. Samuel Wong and Dr. Esther Yu to be the presenters for the bid presentation and the MCs for the cocktail reception.

Our bidding Committee received support and endorsement from various stakeholders, including Government of the HKSAR, the Hong Kong Tourism Board, the Hong Kong Academy of Medicine, and Universities etc. Although we did not win the bid, we have gained valuable experience and friendship. On the other hand, Dr. Cheryl Chan, who represented the College, was successfully elected as the WONCA Young Doctor Representative for 2023–2025. We believe Cheryl could help accelerate collaboration and strengthen synergy for young doctors in the Asia Pacific Region and around the world.

HKCFP Press release

In response to the social media in relation to mental health issues, the College published a press release on 18 June 2023. This press release recognised the important role of family doctors in providing easily accessible, timely and whole-person care to their patients with emotional disturbances or mental health problems in the community.

World Family Doctor Day 2024

In support of the World Family Doctor Day 2024, the Hong Kong College of Family Physicians (HKCFP) and the Health Bureau of Hong Kong SAR jointly held the World Family Doctor Day Symposium on 18 May to share and discuss with healthcare professionals the ways of enlisting concerted effort to promote primary healthcare services led by family doctors to support citizens in improving their well-being.

The Symposium brought together over a hundred representatives from different medical specialties. Speakers at the Symposium included the Secretary of Health, Professor Lo Chung-mau; the Under Secretary of Health, Dr Libby Lee; the Dean of the Li Ka Shing Faculty of Medicine of the University of Hong Kong, Professor Lau Chak-sing; Assistant Commissioner for Primary Healthcare, Primary Healthcare Office of the Health Bureau, Dr Tony Ha; the Director of the Jockey Club School of Public Health and Primary Care of the Chinese University of Hong Kong, Professor Samuel Wong; the Commissioner of Primary Healthcare, Dr Pang Fei-chau; and the President of the HKCFP, Dr David Chao.

Over a hundred representatives from public and private healthcare sectors celebrated the WFDD 2024 together.

IMMEDIATE RELEASE

World Family Doctor Day 2014 "Healthy Planet, Healthy People", A Call to Action for Healthcare Consumers in Hong Kong

The global community comes together to celebrate the World Family Doctor Day (WFDCC) organized by the World Family Doctors' Society (WFDCSA) on 19th May each year. This year, under the theme "Healthy Planet, Healthy People", the first role that environmental health plays in the well-being of individuals and communities is the main focus. Health studies reveal how changes that humans make to our natural resources affect people's health. As we face more unprecedented environmental challenges, from climate change to pollution and habitat destruction, the repercussions on human health become increasingly severe. These environmental changes contribute to risks in communicable and non-communicable diseases, impact mental health, and exacerbate health inequalities globally.

Family doctors have witness to the health aspects of climate change, from increased respiratory diseases due to pollution, to the increase in water-borne diseases with changing climates. According to World Health Organization (WHO), the healthcare sector is a major polluter, accounting for 4-6% of global carbon emissions. Primary care is crucial to cutting healthcare sector's carbon footprint. Dr David Chan, the President of the Hong Kong College of Family Physicians, indicated that, focusing on early disease detection, early treatment and lifestyle changes can help reduce the need for resource intensive medical treatments later. Not only does it improve health outcomes but also significantly lowers emissions by reducing energy-intensive procedures.

The WFDCSA provides an excellent opportunity to acknowledge and appreciate the progress made in Family Medicine and the exceptional contributions of primary care teams globally in improving healthcare outcomes and covering healthcare communities worldwide. Family doctors provide accessible, timely and whole-person care to their patients in the community. Family doctors are health advisors and treatment caregivers of patients, maintain continuous relationship and mutual trust with them. People take care of by their

over family doctors can better manage their health, resulting in a lower demand for inpatient services. In countries where there is a sufficient number of family doctors supporting the health system, healthcare resources are utilized more effectively leading to better protection of the health of citizens.

The Hong Kong College of Family Physicians (HKCFP) continues to be at the forefront of providing continuous medical training to doctors, ensuring that the highest standards of family medicine are upheld. Our curriculum and in-depth training programmes are designed to equip practicing doctors with the expertise needed to manage a spectrum of health challenges, including the recent flu epidemic and the escalating social issues in mental health in Hong Kong.

With the proportion of older persons in the whole population varying to 22.4%, there is an increasing demand for chronic disease management and long-term care. The HKCFP is committed to facilitate the co-ordinating services in collaboration with District Health Centres (DHCs) to deliver comprehensive care for patients with chronic conditions such as hypertension and diabetes mellitus. Since over 70% of primary care services in Hong Kong are provided by general medical practitioners, the HKCFP supports the Government's intention to sharing out the workload of the public healthcare sector, thus optimising the primary healthcare use of resources in the community.

To enhance the preparedness and readiness to cope with the healthcare needs of the citizens, the HKCFP has collaborated with the Primary Healthcare Office of the Health Bureau in developing a series of training programmes focusing on chronic diseases for doctors participating in the Chronic Disease Co-Care (CDDC) Pilot Scheme and other practicing doctors who aim to keeping up to date on current medical knowledge and skills for the ultimate benefits of the patients.

About World Family Doctors' Day
Initiated by the World Organization of Family Doctors (WOFMDA) (<http://www.wofmda.org/>), World Family Doctor's Day is an annual celebration that acknowledges the indispensable role family doctors play in healthcare systems across the globe. It is a day to reflect on the essential care provided by family physicians and their advocacy for the health and well-being of their patients.

「健康地球，健康人類」 世界家庭醫生日2024

「健康地球，健康人類」是2024年5月19日世界家庭醫生組織(WONCA)世界家庭醫生的主題。

氣候變化是人類二十一世紀最大的健康威脅。當我們對環境造成傷害時，其實也會對自己形成傷害。人類健康最終都會同地球健康息息相關。撰文：何家銘醫生 香港家庭醫學學院

氣候變化會直接引發不同種類的天氣，如熱浪、山火、颶風、熱帶氣旋及颱風等，從而引致不同程度的人道危機。而現在氣候變化的嚴重程度，更讓這些天氣出現得更頻密、大型、嚴重，情況刻不容緩。例子是地球暖化導致海洋水平上升，加劇風暴形成，引起更多河流泛濫。

另外，地球平均溫度升高亦會延長了蚊子的生活周期，增加蚊媒傳染病的時間和機會。蚊，也因全球各地的溫度上升，令牠們在更廣遠的地區生活，擴大了疾病傳播範圍。在臨床研究上，氣溫提升已被證明與不良生育結果，如早產及死產相關連。氣候變化

亦會使受災區域的居民被迫遷移，變成氣候難民。

家庭醫生在醫療系統最前線，能第一手觀察及治理氣候變化對市民大眾健康的影響，如空氣污染引致的呼吸吸道疾病、因氣候改變而增加的傳染病等。家庭醫生提倡預防性、個人化醫療及社區基層治療，可減低市民大眾對二層及三層醫療的需要，以減少醫療系統的生態足跡。生態足跡指人類開闢利用多少自然產力的土地和海洋面積，來提供自然資源予人類使用，是人類對自然資源消耗的一種測量工具。人類對家庭醫生和患者的互信關係，治理病者時會考慮平衡個人醫療與環境保護的關係，與病人共同面對地球健康的挑戰。

加強疾病預防

在醫療系統上要達到「淨零」排放，主要靠三方面。第一方面，加強疾病預防，推行預防性醫療及提倡健康生活模式，以減少醫療系統的需求。家庭醫生會治療慢性病患者，預防併發症，減少專科或住院治療的需要。

還有，家庭醫生會教育病者健康生活，並為其提供合適的預防性醫療建議。家庭醫生為防治天然天氣地區或因工作需要而長時間在外工作的人士，給予預防中暑的提醒；也替處於山火頻繁或空氣污染地區的人，提供減少戶外的建議，希望能減低因空氣污染而引致的心血管或呼吸系統疾病；在河水泛濫地區，就要治理腸胃及經水傳染疾病的病者。

除了生理上，家庭醫生都會照顧市民大眾的心理狀況，特別因氣候變化引起的憂鬱，讓社會能盡快復原。

第二方面，提供足夠基層醫療服務。一般來說，缺乏基層醫療服務資源的社區會較難住院及居家護理，較少能預防疾病，較易到急症室就診，以致增加死亡率及急症室使用。社區有足夠家庭醫生，病人便不會被迫使用其他較高層的醫療服務如急症室。家庭醫生能以病者為中心，協調各級醫

療服務，在這時才用急症室，減少服務重疊。

溫室氣體排放

第三方面，減低醫療服務的碳排放。在醫療系統內，每一個醫護也會牽涉資源運用及溫室氣體(Greenhouse Gas)排放。家庭醫生為病者提供個人醫療服務，亦是醫療系統的守門人。若醫生要求病人行驗，每個醫護除了要考虑對病者及社會的即時影響之外，也要思考對環境的短期及長期影響。診症時間過短避免過度檢查、處方及治療，以減少溫室氣體排放。其實高資源的醫療服務是在有效護理、善用資源及醫療人員手下，都能讓病者得到理想治療。

例如，經常用來治療呼吸系統疾病的定量吸入器(Metered Dose Inhaler)，其製造一個定量的吸入的溫室氣體排放量，已等於一輛汽車行

駛了120至185公里。而乾粉吸入劑(Dry Powder Inhaler)的溫室氣體排放量相對上少很多。另外，醫者可考慮環境的藥丸負擔(pills burden)，即醫者在治療時可多考慮非藥物治療，並定期替病者回顧及刪減不必要藥物。在決定處方新藥時，可先考慮一段短時間，確定病者能適應長期處方，減低藥物浪費。

醫生亦應為病患發聲，與政策制定者合作，反映氣候變化對醫療系統及社會大眾健康的影響。政府在制定時，才能確保所有政策包括醫療，能考慮生態平衡及氣候保護的因素。這樣才能有效而持續地保護地球健康，從而保障人類健康。

各位家庭醫生及市民大眾，讓我們一起為地球和我們的健康出力吧！

With careful monitoring by the Finance Committee, the financial situation of the College in 2023-2024 continued to remain sound and healthy. Our accumulated financial reserve kept on growing steadily. There is now a deposit of equivalent of over HK\$17.19 million in our accounts. There are no major changes in our portfolio as compared to the previous financial year. We have about 14.9% of our portfolio is in equity shares, purchased when they were first issued, and the great majority of our funds are in the form of cash savings in various banks.

I would like to express my sincere thanks to Dr David Chao, our President, Prof Samuel Wong, our Vice-President (Education & Examinations), Dr Lau Ho Lim, our Vice-President (General Affairs), Dr Cecilia Fan, our Honorary Secretary, Ms Erica So, our General Manager and Ms Priscilla Li, our Administrative Executive, for their continuous support and services. I would like to welcome our new Account Executive Mr. Roy Leung to join our College. Last but not least, I would also like to appreciate Mr. C F Cheung, our Honorary Auditor, for his professional advice and services.

CHAIRLADY'S MESSAGE

Since the publication of the inaugural edition in March 2004, FP Links serves as the College Newsletter of HKCFP with the following missions:

1. To disseminate the College News to College members.
2. To report news of various Boards and Committees.
3. To provide a channel for dissemination of information or articles related to Family Medicine, either clinical or non-clinical.
4. To act as a bridge for communication between members and the College

The founding Editorial Board started off with three members under Dr John Chung's leadership. Throughout these years, there is significant expansion of our membership list. Our committee now comprises 27 members coming from different sectors: public and private; universities, cross clusters and even cross countries. With the vision to promote Family Medicine and advocate for primary care, we work closely to promote the development of Family Medicine and enhance the communication between the College, members and other professionals. Our contents are strongly diversified, from photo gallery and highlights of college events, WONCA news, Family Medicine related activities and development, clinical practice sharing, to latest medical updates and health related news, and sharing of colleagues, young and experienced, about their life and reflections as a family doctor, both locally and cross the sea. There is also support from other Boards, e.g. the Board of Education who contribute the learning points discussed in group meetings. Our aim is to produce a newsletter which is both informative and interesting. From January 2024, the Committee took "Go Green" to next level and drove the initiative forward, subscriptions would be changed to electronic versions automatically for all College members unless notified otherwise. The Committee would like to thank the College members who have supported the "Go Green" initiative in reducing paper consumption and helping conserve natural resources!

The Committee also implemented the following measures to enhance the Readership experience after "Go Green":

- 1) **Incentive for Readership:** Gift vouchers would be given to members who returned readers' surveys or feedbacks after reading the issue, starting from June 2024.
- 2) **Incentive for article submission:** If articles are selected for publication, options of College souvenirs or Gift vouchers would be given to the author as token of appreciation, starting from April 2024.

CHAIRLADY'S MESSAGE

The 13th Hong Kong Primary Care Conference was successfully held in hybrid mode for the 1st time from 23 to 25 June 2023. After 3 years of the COVID-19 pandemic, it was indeed inspiring to see many of our VIP guests and delegates face to face besides meeting our online participants. This annual signature conference has consistently attracted the primary care community with an immense response of over 700 registered delegates.

With the release of the Primary Care Blueprint in December 2022, this year's theme "Flourishing Primary Care: Family Doctor for Everyone" highlights the strong commitment of our government for a robust primary healthcare in Hong Kong. The Primary Healthcare Blueprint is a prevention-focused, community-based system that promotes the "concept of Family Doctor for ALL" and enhances primary healthcare delivery. Over the years, our College has always been a strong proponent of the "Everyone should have a Family Doctor" concept as local and international studies have shown that healthcare systems with strong primary healthcare teams led by Family Doctors have proven to be more cost effective and sustainable.

This conference was graced with the presence of distinguished international and local plenary speakers including Dr Pang Fei Chau [Commissioner for Primary Healthcare, Primary Healthcare Office]; Professor Donald Li [WONCA Immediate Past President]; Professor Cindy Lam [Danny D.B. Ho Professor in Family Medicine, Department of Family Medicine and Primary Care, Li Ka Shing Faculty of Medicine, HKU]; Professor Samuel Wong [Director of JC School of Public Health and Primary Care and Associate Dean(Education), Faculty of Medicine, CUHK]; Professor Jose Maria Valderas [Head of Department of Medicine, National University Health System in Singapore] and our College President Dr David Chao. Their topics focused mainly on Primary Care Development and the role of Family Doctors. Our scientific program with its wide array of interesting yet relevant topics has always captivated our participants. Once again, this annual event continues to provide a rich milieu for collaboration and networking among the primary care community.

I would like to express my sincere appreciation to all speakers and facilitators for their valuable support, sponsors for their generosity, all members of our conference organizing committee and secretariat for their dedicated efforts. Last but not least, my utmost gratitude to all delegates for their avid participation in making this hallmark conference an annual success.

ENHANCING OFFICE CULTURE AND COMMUNICATION

At the Hong Kong College of Family Physicians (HKCFP), we believe that a positive office culture and effective communication are essential for fostering a productive and harmonious work environment. We highly value the opinions of our staff and consider their insights crucial for continuous improvement.

To gather feedback from staff members, the committee holds quarterly staff meetings. These meetings are particularly important for briefing and debriefing on our annual projects, such as the Hong Kong Primary Care Conference (HKPCC) and the Conjoint Examination, as well as for handling annual circulars, including announcements regarding membership fee collection. These sessions provide a platform for employees to voice their concerns and suggestions without hesitation.

Recognizing the importance of work-life balance, we have introduced flexible work arrangements, including remote work options and flexible hours. This approach not only enhances employee satisfaction but also increases productivity by allowing staff to work in a manner that best suits their individual needs.

GO GREEN AS ONE OF OUR HOUSE RULES

Since 2016, the College has been actively promoting an eco-friendly policy within our work environment. This initiative aims to reduce our carbon footprint and foster a culture of sustainability among staff and members.

Our commitment to environmental responsibility extends to all meetings and conferences hosted by the College. We have implemented various green practices, such as minimizing paper usage, encouraging digital communication, and promoting recycling efforts during events.

In a significant step towards modernizing our financial transactions, the House Committee introduced an e-banking service last year for collecting payments. This initiative was further enhanced by the successful implementation of the Faster Payment System (FPS). FPS allows for the receipt of cross-bank and e-wallet payments in a faster, easier, and more secure manner.

The adoption of FPS has streamlined the College's daily operations, making financial transactions more efficient and reducing the need for physical paperwork. This system has been well-received by our members, who appreciate the convenience and security it offers.

As we continue to embrace eco-friendly practices, we remain committed to exploring new ways to enhance sustainability in all aspects of our operations. Together, we can make a positive impact on the environment and set a strong example for others to follow.

STAFF CHANGES AND SALARY REVIEW

Ms. Crystal Yung, who dedicated over 18 years of service to the College, left in December 2023. As family doctors, we recognise the importance of family and wish Crystal a bright future as she embarks on this new chapter of her life. On the other hand, we welcomed Ms Hannah Lok, Mr Roy Leung, and Ms Ally Chan who joined the Secretariat this year.

The House Management Committee reviewed the staff's work performance annually in order to propose salary adjustment and possible promotion. The Committee would like to thank the Chairmen and Chairladies of all Boards and Committees for their feedback on the recent appraisals through Google Form. Alongside the performance review, the salary packages of our staff were reviewed. The House Committee and the Executives, in consideration of the current job market situation, agreed that a more competitive salary package for our staff will be conducive to the morale of our staff and the attractiveness of our job posts. This proposal was approved by the Council.

Last but not least, I would like to thank Ms Erica So, General Manager, for her excellent leadership and contribution, and all staff members for their committed support throughout the years.

46th Annual Dinner

With the local epidemic situation continuing to subside and most of the activities resuming to full normalcy, the 46th Annual Dinner was held on 3 December 2023 (Sunday) at Run Run Shaw Hall, 1/F, Hong Kong Academy of Medicine Jockey Club Building, Wong Chuk Hang, Hong Kong.

The Annual Dinner was well attended by 187 participants including our Council members, College Board/Committee members, their spouses and guests from different collaborative organisations. It was the first post-COVID annual dinner, and we were so delighted to seeing all our friends in person again. It provided a joyful opportunity for us to meet and catch up with colleagues and friends.

The Internal Affairs Committee wishes to thank Dr David V K CHAO, our President, and our Council members, as well as collaborative organisations and hotel for supporting and sponsoring the prizes in the Lucky Draw. Sincere thanks to Dr CHAN Chin Ping, Dr Cheryl Y C CHAN, Dr Aldo C L WONG and Dr Esther Y T YU, the Masters of Ceremony of the Annual Dinner, and our secretariat team members who dedicated their great efforts in making the Annual Dinner a successful occasion. We would also like to express our gratitude towards Dr Eric K P LEE, Dr Aldo C L WONG and Dr Esther Y T YU for their singing performance; and our in-house live band FM² 醫家樂隊 formed by members of Young Doctors Committee, including Dr Chloe L CHAN, Dr Lau Ka Kin, Dr Wanmie W M LEUNG and Dr Aldo C L WONG.

37th Conferment Ceremony and the 34th Dr Sun Yat Sen Oration

The 37th Fellowship Conferment Ceremony and the 34th Dr Sun Yat Sen Oration was held on 7 July 2024 (Sunday) as scheduled at the Run Run Shaw Hall, Hong Kong Academy of Medicine Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong.

This year, the Ceremony was well attended by 302 guests, including the successful candidates of Exit Assessment, Conjoint Fellowship Examination, Diploma in Family Medicine and their families and friends, as well as invited guests and dignitaries from the Food and Health Bureau, the Legislative Council, the Department of Health, the Hospital Authority, the universities and representatives of local academic colleges.

We also took this opportunity to present the Dr Sun Yat Sen Oration gold medallion to Dr Mark Miller, the 31st Dr Sun Yat Sen Orator, who had delivered the oration for us remotely in 2021 when international travelling was difficult because of travel restrictions during the COVID pandemic.

Dr Christopher HUGHES, Censor of Tasmania Faculty of The Royal College of General Practitioners, delivered the 34th Dr Sun Yat Sen Oration titled "Universal Health Insurance: Born with the best of intentions but now facing a mid-life crisis".

The successful candidates were listed as follows:

The QA&A program aims to promote participation in Continuing Medical Education (CME) and Continuing Professional Development (CPD) activities for General Practitioner (GP) and Family Physician (FP). With end in mind to promote continuous education and professional development for college members through high quality educational activities, QA&A committee identifies and assesses these learning activities and accredits CME/CPD points to the participants. CME certificate is also issued via QA&A committee to members fulfilling the College's requirement as a token recognition and encouragement.

In order to further enhance an effective and efficient QA&A program for GP/FP, the QA&A committee has conducted a review on prevailing operation since 2Q2016. An Active Learning Mode (ALM) has been endorsed in Hong Kong Primary Care Conference since 2016. In this regard, active participation in prescribed learning of a prior-accredited activity may earn CPD points upon successful submission of both pre- and post- MCQs. Through innovative learning mode as such, learning may be facilitated efficiently and effectively in this era of rapid knowledge and technology expansion. ALM has also implemented in the Annual Refresher Training Course held by Specialty Board since 2018.

An enhanced CPR course was introduced in 2017 in response to the amended CPR requirement of RACGP QI & CPD Programme in 2017-19 to attain reciprocal recognition with RACGP and our College QA Programme. The 'Advanced Primary Care Life Support Course' has been promoted alongside with CPR Subcommittee of The Board of Education starting from 2017.

Regarding CME, for HKCFP Members who have chosen Hong Kong Academy of Medicine (HKAM) as their CME Administrator under “MCHK CME Programme for Non-specialists” category, we would administer their MCHK CME with waiving of fee charged by HKAM starting January 2017.

In order to set proper standard for awarding CME for the rapidly rising trend of on-line webinars, the committee has discussed and agreed on setting a minimal requirement of 75% attendance time plus passing post-event quiz/survey, starting from August 2020. Also attending two webinars with 15 Minutes or above overlap time would be counted as ‘duplicate attendance’, no CME points shall be awarded.

To strengthen continuity of the committee, kindly note that we have introduced 2 vice chairmen posts with interposing terms since 2018.

Kindly note that the electronic copy of and CME Certificate 2023 is available on the College's homepage <http://www.hkcfp.org.hk>, members can login to their own account to download the certificates anytime. Request for hardcopy certificate can be made in writing to the college secretariat, an administrative fee of \$50 per copy would be charged. Please find list of active fellows/members who have fulfilled the College's requirement for awarding certificate as below.

Five submissions had been received for the Best Research Award 2023 and the Best Trainee Research Award 2023, the selection panel consisted of two assessors. The winning papers were:

- Best Research Award 2023: "Improving Type 2 Diabetes Mellitus detection among at-Risk individuals – Effectiveness of Active Opportunistic Screening using spot Capillary-HbA1c test – A cluster randomized controlled trial (DM-REACH)" by Dr Linda CHAN
- Best Trainee Research Award 2023: "Perspective of Smokers and Healthcare Professionals towards Real-time Video Counselling Smoking Cessation Program in General Out-patient Clinics in Hong Kong: A Qualitative Study" by Dr YUNG Hiu Ting
- Trainee Research Award 2023 – 1st Runner Up: "Prevalence and Factors Associated with Diabetes-related Distress in Type 2 Diabetes Patients: A Study in Hong Kong Primary Care Setting" by Dr WONG Man Ho.

The 2024 HKCFP Research Fellowship had received six applications this year. The selection panel which consisted of two assessors had selected the winner to be Dr CHAU Kei Wai. His research project was "Barriers to optimise disease control among ethnic minority patients with diabetes mellitus in public setting in Hong Kong: A qualitative study using the Theoretical Domains Framework".

The Committee has established two new funding awards over the last ten years: Trainees Research Fund, to encourage trainees to attempt research segment of the Exit Examination, and Research Seed Fund, to provide the opportunity for other interested parties to develop funding proposals and research ideas related to family medicine.

I wish to thank all who have provided assistance to the Research Committee and look forward to closer collaborations in the future.

In the year 2023-24, we are delighted to serve our College members.

Computer software and hardware are being updated and renewed to tackle the increasing demand. Thanks to our secretarial support and input from the Committee, the registration system for educational activities, members' MCQs and Clinical Quizzes function in our college website are maintained smoothly. The Web and Computer Committee is also responsible for managing our College Facebook page, which provides a platform for sharing timely information with our College members, our community friends and the public. PayPal payment is available to facilitate transactions of membership subscription fee and registration fee of the Hong Kong Primary Care Conference (HKPCC) 2023.

We welcome all suggestions from our College members. The web and computer daily operations are being monitored by our secretarial staff, and we are thankful for their dedicated work.

I would like to once again express my appreciation to the members of the Web and Computer Committee for their support in the past year. We look forward to serving our College in the coming year.

CO-CHAIRMEN'S MESSAGE:

The HKCFP Young Doctors Committee was formed by our College in May 2017. We aim to engage our young doctors joining the College activities and nurture young leaders. We would connect the medical students, medical interns and young members of our College to enhance our communication with each other. We also promote our younger leaders to represent our College in the participation of local, national and international meetings. The composition of our membership were enthusiastic young doctors coming from public and private sectors in order to keep up the momentum.

HONORARY TREASURER

(April 2023 to March 2024)

Honorary Treasurer: Dr Billy C F CHIU

Staff: Ms Erica M SO (General Manager)
Mr Roy P K Leung (Administrative Executive, from December 2023 onwards)
Ms Priscilla S M LI (Administrative Executive)

The financial situation of our College remains stable for the year 2023-2024. With a current reserve valued in excess of HK\$20 million, thanks to the conservative investment strategy of the Finance Committee. The great majority of our funds are in the form of cash savings in the Bank of East Asia, HSBC and Wing Hang Bank.

Our College is mainly operated under three companies in 2023-2024, as detailed in the Auditor's report.

In this financial year, our main income sources were from, in descending order, Membership Committee, Board of Conjoint Examination, Board of Diploma in Family Medicine, Specialty Board and Board of Vocational Training & Standards. When compared with 2022-2023 income, Membership Committee, membership subscriptions obtained HK\$1.85 million (2.2% decrease). The Board of Conjoint Examination obtained HK\$1.26 million (29.8% decrease). The Board of DFM obtained HK\$1.07 million (8.93% decrease). The

Specialty Board obtained HK\$939K (10.5% increase). The Board of Vocational Training & Standards obtained HK\$700K (37% increase). All these Boards were having surplus in this year especially the Board of Vocational Training & Standards has significantly increased in percentage when compared with 2022-2023.

On the side of expenditure, our single most significant spending is still in staff salaries and allowances, which amounted to HK\$4.8 million. The total cumulative expenses have increased by 6.25% when compared with 2022-2023 as number of staff headcount has added and salary increment.

C F Cheung Certified Public Accountant Company Secretariat division is working on the deregistration and dissolution of HKCFP Holdings & Development Ltd. during the FY23-24. They submitted the application to Companies Registry and Inland Revenue Department. The estimated date for the company to be deregistered and dissolved is in the 3rd quarter of 2024.

We have coordinating with a new accounting firm Chang Leung Hui & Li CPA Certified Public Accountant Company to continue for the Accounting and Audit service from 2024. Thank you for the help by C F Cheung Certified Public Accountant Company in the previous years to provide the College a professional accounting and audit service.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE HONG KONG COLLEGE OF FAMILY PHYSICIANS (incorporated in Hong Kong with limited liability)

Opinion

We have audited the financial statements of THE HONG KONG COLLEGE OF FAMILY PHYSICIANS ("the College") set out on pages 6 to 15, which comprise the statement of financial position as at 31 March 2024, and the statement of comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the College as at 31 March 2024, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standard for Private Entities ("HKFRS for PE") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the College in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Council is responsible for the other information. The other information comprises the information included in the Council's report set out on pages 1 to 2, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Other Information - cont'd

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Council and Those Charged with Governance for the Financial Statements

The Council is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for PE issued by the HKICPA and the Companies Ordinance, and for such internal control as the Council determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Council is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council either intend to liquidate the College or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.

Auditor's Responsibilities for the Audit of the Financial Statements - cont'd

- Conclude on the appropriateness of the Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the College to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

1. Reporting entity and its principal accounting policies

THE HONG KONG COLLEGE OF FAMILY PHYSICIANS (LIMITED BY GUARANTEE) is a college incorporated in Hong Kong with limited liabilities, not having a share capital and limited by guarantee. The liability of each of its members, in the event of its being wound up while he/she is a member, or within one year after he/she ceased to be a member for payment of the debts and liabilities of the College contracted before he/she ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories amongst themselves, is limited to an amount not exceeding HK\$10.

The College's registered office is located at Room 803-4, 8/F., HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. The principal activities of the College are provision of continuing medical education in relation to family medicine.

Basis of preparation of the financial statements

These financial statements have been prepared under the accrual basis of accounting and on the basis that the Institute is a going concern and in accordance with the Hong Kong Financial Reporting Standard for Private Entities (HKFRS for PE) approved by the Hong Kong Institute of Certified Public Accountants and the requirements of the Companies Ordinance.

The measurement base adopted is the historical cost convention.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

a) Revenue

Revenue is recognized as income when it is probable that the economic benefits associated with transaction will flow to the College and when the amount of revenue as well as costs incurred for the transaction can be measured reliably. Revenue is measured at fair value of the consideration received or receivable and is shown net of discounts, rebates and refund.

- Entrance fee from members is recognized in the financial year of receipt.
- Annual subscription fee is recognized on a time proportion basis.
- Interest income is recognized on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

b) Trade and other receivable

Trade and other receivables are measured at initial recognition at transaction price (including transaction costs) and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any. A provision for impairment of trade and other receivables is established when there is objective evidence that the College will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in profit or loss.

**THE HONG KONG COLLEGE OF FAMILY PHYSICIANS
(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

1. Reporting entity and its principal accounting policies

c) Income tax

Income tax comprises current tax and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit may differ from profit or loss as reported in the statement of profit or loss because of permanent difference and temporary difference.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases using in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, except to the extent that the deferred tax liabilities arise from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of an asset or liability in a transaction that affects neither accounting profit nor taxable profit or tax loss. The measurement of deferred tax liabilities associated with an investment property measured at fair value and property, plant and equipment measured at revalued amount shall not exceed the amount of tax that would be payable on its sales to an unrelated market participant at fair value at the end of reporting period. Deferred tax assets are generally recognized for all deductible temporary differences, unused tax losses and unused tax credits to the extent that is probable that taxable profit will be available against which those deductible temporary differences, unused tax losses and unused tax credits can be utilized. Such deferred tax assets are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of an asset and liability in a transaction that affects neither the accounting profit nor the taxable profit or tax loss.

The Unrecognised deferred tax assets are reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Current and deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

d) Impairment of assets

At the end of each reporting period, non-current assets other than financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is any indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less than the carrying amount, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the carrying amount that would have been determined (net of any depreciation/amortization) had no impairment loss been recognized for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

1. Reporting entity and its principal accounting policies

e) Property and equipment

Property, plant and equipment are measured at initial recognition at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost comprises purchase price, conversion cost and estimated cost of dismantling and restoration. Expenditure such as repairs and maintenance, overhaul costs and borrowing costs are normally charged to profit or loss when they are incurred. Where expenditure has resulted in increases in the future economic benefits from the use of the property, plant and equipment, the expenditure is capitalized.

The residual values and useful lives of the property, plant and equipment are reviewed annually. If necessary, the residual value, depreciation method or useful life of that asset is amended prospectively to reflect the new expectation. Depreciation is calculated using the straight-line method to write off the depreciable amount of each property, plant and equipment to profit or loss unless it is included in the carrying amount of another asset over its estimated useful life. The following estimated useful lives are used for the depreciation of property, plant and equipment.

Furniture, fixture and equipment	15%
----------------------------------	-----

On disposal or retirement, the cost (or revalued amount) together with associated accumulated depreciation and impairment losses, if any, of the property, plant and equipment are derecognized and any gain or loss resulting from the disposal is recognized in profit or loss.

(f) Related Parties

(a) A person or a close member of that person's family is related to the College if that person:

- (i) has control or joint control over the College;
- (ii) has significant influence over the College; or
- (iii) is a member of key management personnel of the College or the College's parent.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HKCFP EDUCATION LIMITED

(incorporated in Hong Kong with limited liability)

Qualified Opinion

We have audited the financial statements of HKCFP EDUCATION LIMITED ("the Institute") set out on pages 6 to 15, which comprise the statement of financial position as at 31 March 2024, and the statement of comprehensive income and accumulated deficits and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the financial statements gives a true and fair view of the financial position of the Institute as at 31 March 2024, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standard for Private Entities ("HKFRS for PE") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Qualified Opinion

As explained in note 5 to the financial statements, the Institute has not prepared consolidated financial statements of the Group because the directors considered that it would involve expenses and delay out of proportion to the value to the members. Under HKFRS for PE, group accounts should have been prepared. It is not practicable to quantify the effects of the departure from this requirements.

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Institute in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the directors' report set out on pages 1 to 2, but does not include the financial statements and our auditor's report thereon.

Other Information - cont'd

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for PE issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Institute or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Institute's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Auditor's Responsibilities for the Audit of the Financial Statements - cont'd

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit of the Financial Statements - cont'd

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Institute's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Institute to cease to continue as a going concern.
- Evaluate the overall presentations, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a matter that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

1. Reporting entity and its principal accounting policies

HKCFP EDUCATION LIMITED (LIMITED BY GUARANTEE) is an Institute incorporated in Hong Kong that is limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he/she is a member, or within one year after he/she ceased to be a member for payment of the debts and liabilities of the Institute contracted before he/she ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories amongst themselves, is limited to an amount not exceeding HK\$10.

The Institute's registered office is located at Room 803-4, 8/F., HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. The principal activities of the Institute is to act as an Educational Organization in respect of the development of Family Medicine.

Basis of preparation of the financial statements

These financial statements have been prepared under the accrual basis of accounting and on the basis that the Institute is a going concern and in accordance with the Hong Kong Financial Reporting Standard for Private Entities (HKFRS for PE) approved by the Hong Kong Institute of Certified Public Accountants and the requirements of the Companies Ordinance.

The measurement base adopted is the historical cost convention.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

a) Revenue

Revenue is recognized as income when it is probable that the economic benefits associated with transaction will flow to the Institute and when the amount of revenue as well as costs incurred for the transaction can be measured reliably. Revenue is measured at fair value of the consideration received or receivable and is shown net of discounts, rebates and refund.

- Income from education boards is recognized when the related services have rendered.
- Management fee income is recognized when the relevant services have rendered.
- Interest income is recognized on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

b) Employee benefits

Salaries, annual bonuses, paid annual leave and other leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are measured at their present values.

The Institute operates a defined contribution plan under mandatory provident fund plan. The Institute pays contributions to the independent administrator on a mandatory basis. The Institute has no further payment obligations once the contributions are paid. The contributions are recognized as employee benefit expense when they are incurred and the cost can be measured reliably.

HKCFP EDUCATION LIMITED
(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024

1. Reporting entity and its principal accounting policies

c) Lease

Annual rents applicable to such operating leases are charged to profit or loss on a straight-line basis over the lease term. Incentives such as rent-free period or subsidy on decoration, if any, are recognized as a reduction of rental expenses over the lease term on straight-line basis.

d) Income tax

Income tax comprises current tax and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit may differ from profit or loss as reported in the statement of profit or loss because of permanent difference and temporary difference.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases using in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, except to the extent that the deferred tax liabilities arise from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of an asset or liability in a transaction that affects neither accounting profit nor taxable profit or tax loss. The measurement of deferred tax liabilities associated with an investment property measured at fair value and property, plant and equipment measured at revalued amount shall not exceed the amount of tax that would be payable on its sales to an unrelated market participant at fair value at the end of reporting period. Deferred tax assets are generally recognized for all deductible temporary differences, unused tax losses and unused tax credits to the extent that is probable that taxable profit will be available against which those deductible temporary differences, unused tax losses and unused tax credits can be utilized. Such deferred tax assets are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of an asset and liability in a transaction that affects neither the accounting profit nor the taxable profit or tax loss.

The Unrecognised deferred tax assets are reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Current and deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

HKCFP EDUCATION LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024

1. Reporting entity and its principal accounting policies

e) Property and equipment

Property, plant and equipment are measured at initial recognition at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost comprises purchase price, conversion cost and estimated cost of dismantling and restoration. Expenditure such as repairs and maintenance, overhaul costs and borrowing costs are normally charged to profit or loss when they are incurred. Where expenditure has resulted in increases in the future economic benefits from the use of the property, plant and equipment, the expenditure is capitalized.

The residual values and useful lives of the property, plant and equipment are reviewed annually. If necessary, the residual value, depreciation method or useful life of that asset is amended prospectively to reflect the new expectation. Depreciation is calculated using the straight-line method to write off the depreciable amount of each property, plant and equipment to profit or loss unless it is included in the carrying amount of another asset over its estimated useful life. The following estimated useful lives are used for the depreciation of property, plant and

Office equipment	15%
------------------	-----

On disposal or retirement, the cost (or revalued amount) together with associated accumulated depreciation and impairment losses, if any, of the property, plant and equipment are derecognized and any gain or loss resulting from the disposal is recognized in profit or loss.

f) Trade and other receivables

Trade and other receivables are measured at initial recognition at transaction price (including transaction costs) and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any. A provision for impairment of trade and other receivables is established when there is objective evidence that the Institute will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in profit or loss.

g) Subsidiaries

Subsidiary is an entity in which the Institute, directly and indirectly, controls the composition of the board of directors, controls more than half of the voting power or holds more than half of the issued share capital. The Institute's interest in subsidiaries are stated at cost less provision for permanent diminution in value. Results of the subsidiaries are accounted for by the Institute on the basis of dividends received and receivable.

h) Impairment of assets

At the end of each reporting period, non-current assets other than financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is any indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less than the carrying amount, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the carrying amount that would have been determined (net of any depreciation/amortization) had no impairment loss been recognized for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

(i) Related Parties

(a) A person or a close member of that person's family is related to the Institute if that person:

- (i) has control or joint control over the Institute;
- (ii) has significant influence over the Institute; or
- (iii) is a member of key management personnel of the Institute or the Institute's parent.

(b) An entity is related to the Institute if any of the following conditions applies:

- (i) The entity and the Institute are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) The entity or the Institute is an associate or joint venture of the other (or an associate or joint venture of a member of a group of which the other is a member).
- (iii) Both the entity and the Institute are joint ventures of the same third party.
- (iv) Either the entity is a joint venture of a third entity and the Institute is an associate of the third entity or the entity is an associate of a third entity and the Institute is a joint venture of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of the employees of the Institute or an entity related to the Institute.
- (vi) The entity is controlled or jointly controlled by a person identified in (a).
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the Institute and include (i) that person's children and spouse or domestic partner; (ii) children of that person's spouse or domestic partner; and (iii) dependents of that person or that person's spouse or domestic partner.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HKCFP FOUNDATION FUND

(incorporated in Hong Kong with limited liability)

Opinion

We have audited the financial statements of HKCFP FOUNDATION FUND ("the Foundation") set out on pages 6 to 13, which comprise the statement of financial position as at 31 March 2024, and the statement of comprehensive income, statement of changes in foundation's funds and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Foundation as at 31 March 2024, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standard for Private Entities ("HKFRS for PE") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Executive Board is responsible for the other information. The other information comprises the information included in the Executive Board's report set out on pages 1 to 2, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Other Information - cont'd

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Executive Board and Those Charged with Governance for the Financial Statements

The Executive Board is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for PE issued by the HKICPA and the Companies Ordinance, and for such internal control as the Executive Board determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Board is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Board either intend to liquidate the Foundation or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Board.

Auditor's Responsibilities for the Audit of the Financial Statements - cont'd

- Conclude on the appropriateness of the Executive Board's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

1. Reporting entity and its principal accounting policies

HKCFP FOUNDATION FUND (LIMITED BY GUARANTEE) is a foundation incorporated in Hong Kong that is limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he/she is a member, or within one year after he/she ceased to be a member for payment of the debts and liabilities of the Foundation contracted before he/she ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories amongst themselves, is limited to an amount not exceeding HK\$50.

The Foundation's registered office is located at Room 803-4, 8/F., HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. The principal activities of the Foundation are provision of promote, encourage and assist, for the public benefit, research and education on family medicine.

Basis of preparation of the financial statements

These financial statements have been prepared under the accrual basis of accounting and on the basis that the Institute is a going concern and in accordance with the Hong Kong Financial Reporting Standard for Private Entities (HKFRS for PE) approved by the Hong Kong Institute of Certified Public Accountants and the requirements of the Companies Ordinance.

The measurement base adopted is the historical cost convention, as modified by the revaluation of financial assets at fair value.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

a) Revenue

Revenue is recognized as income when it is probable that the economic benefits associated with transaction will flow to the Foundation and when the amount of revenue as well as costs incurred for the transaction can be measured reliably. Revenue is measured at fair value of the consideration received or receivable and is shown net of discounts, rebates and refund.

- Donation is recognized when the amounts have received.
- Entrance fee from member is recognized in the financial year of receipt.
- Annual subscription fee is recognized on a time proportion basis.
- Interest income is recognized on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

**HKCFP FOUNDATION FUND
(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2024**

1. Reporting entity and its principal accounting policies

b) Trade and other receivable

Trade and other receivables are measured at initial recognition at transaction price (including transaction costs) and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any. A provision for impairment of trade and other receivables is established when there is objective evidence that the Foundation will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in profit or loss.

c) Income tax

No provision for Hong Kong profits tax has been made in the financial statements as the Foundation is exempt from tax under Section 88 of the Inland Revenue Ordinance.

d) Impairment of assets

At the end of each reporting period, non-current assets other than financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is any indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less than the carrying amount, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the carrying amount that would have been determined (net of any depreciation/amortization) had no impairment loss been recognized for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

e) Related Parties

- (a) A person or a close member of that person's family is related to the Foundation if that
 - (i) has control or joint control over the Foundation;
 - (ii) has significant influence over the Foundation; or
 - (iii) is a member of key management personnel of the Foundation or the Foundation's
- (b) An entity is related to the Foundation if any of the following conditions applies:
 - (i) The entity and the Foundation are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) The entity or the Foundation is an associate or joint venture of the other (or an associate or joint venture of a member of a group of which the other is a member).
 - (iii) Both the entity and the Foundation are joint ventures of the same third party.

e) Related Parties - cont'd

- (b) (iv) Either the entity is a joint venture of a third entity and the Foundation is an associate of the third entity or the entity is an associate of a third entity and the Foundation is a joint venture of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of the employees of the Foundation or an entity related to the Foundation.
- (vi) The entity is controlled or jointly controlled by a person identified in (a).
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the Foundation and include (i) that person's children and spouse or domestic partner; (ii) children of that person's spouse or domestic partner; and (iii) dependents of that person or that person's spouse or domestic partner.

f) Financial assets

Financial assets are recognized when, and only when the entity becomes party to the contractual provisions of the instruments.

On initial recognition of an investment in equity instrument that is not held for trading, the Foundation may irrevocably elect to present subsequent changes in fair value in other comprehensive income which will not be reclassified subsequently to profit or loss. Dividends from such investments are to be recognized in profit or loss when the Foundation's right to receive payments is established. For investments in equity instruments which the Foundation has not elected to present subsequent changes in fair value in other comprehensive income, changes in fair value are recognized in profit or loss.

A financial asset is derecognized where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognized in other comprehensive income for debt instruments is recognized in profit or loss.

2. Executive board members' remuneration

The executive board members received no remuneration and retirement benefits for their services to the Foundation during the years ended 31 March 2023 and 2024.
