## Message from the President

The Hong Kong Primary Care Conference (HKPCC) 2022, organised by the Hong Kong College of Family Physicians, is just around the corner as it will be held online from 17<sup>th</sup> to 19<sup>th</sup> of June 2022. The Conference theme this year is entitled, "Committed. Versatile. Ever-growing: Primary Healthcare in the Time of COVID", which has captured the spirits behind family doctors working with the primary healthcare team in helping the patients in need during this extraordinary period of time. When we are challenged by threats of any kind, there are opportunities that go with these threats. We have the opportunities to discover new knowledge, learn new skills, and apply new technologies in the fight against the virus during the pandemic. We have demonstrated our commitments, flexibility and versatility throughout the fight against the virus. Family doctors have led the way in providing accessible care and support to patients in the community where they are needed most. In this year's Conference, we have the privilege of bringing together international and local experts, family doctors, nurses, allied health professionals, and other primary care providers in sharing advances in clinical knowledge, expertise and practices. The Conference continues to provide a convenient platform for potential collaborations and networking opportunities amongst academics, practising clinicians and management colleagues alike, thanks to the great work of the HKPCC Organising Committee and the Scientific Subcommittee. The Scientific Programme is packed with plenaries and seminar sessions, including hot topics on the challenges related to the pandemic, long COVID, chronic disease management,

child psychiatric conditions, end of life care, clinical updates, research, medical legal and musculoskeletal workshops, health research, and more. In addition, there are the popular full research paper competition, clinical case competition, e-posters and e-booths exhibitions. I look forward to welcoming you all online at the HKPCC 2022!

As announced previously, the "HKCFP Together We Fight the Virus Campaign 2022", serves as appreciation of the great work being done by our College members during the 5th wave of the pandemic. Members who report via the Google Form (<https://forms.gle/VckP3gozkfJRLkVc7>) on their participation towards combating the virus between 1 January and 30 June 2022 would receive an Appreciation Pack consisting of an appreciation letter and a free admission to HKPCC\* (for replies received by 31 May 2022\*). Let's show our determination, unity and solidarity together as Family Doctors and fill in your reply via the Google Form link above if you have not already done so.

World Family Doctor Day (WFDD) – 19<sup>th</sup> May, first declared by WONCA in 2010, is a day to highlight the important contributions of Family Doctors and primary care teams in healthcare systems around the world, acknowledging the central role of Family Doctors in the delivery of personal, comprehensive

(Continued on page 2)

## Message from the President (Con't)

(Continued from page 1)

Dr David Chao (left) and Dr Olivia Choi (right) at the Telehealth Hub

and continuing health care for all patients. This year's WFDD theme is "Family Doctors, Always There to Care!". Our Council Members have helped to contribute towards compilations of photos

showing our support to the WFDD 2022. Happy WFDD to everyone!

The 4<sup>th</sup> Tripartite Congress of Academy of Medicine of Malaysia (AMM), Academy of Medicine, Singapore (AMS) and Hong Kong Academy of Medicine (HKAM) cum the 55<sup>th</sup> Singapore-Malaysia Congress of Medicine will be held virtually from 22 July to 24 July 2022. This year, the Congress has been themed "Diversity and Community in Medicine", aiming to share insights into the advances in healthcare technologies and changing practice in the world of medicine. Please watch out for further announcements.

Please keep well and stay safe.

**Dr. David V K CHAO**  
President

## Membership Committee News

The Council approved, on recommendation of the Chairlady of the Membership Committee, the following applications for membership in **March – April 2022**:

### Associate Membership (New Application)

Dr. LUI Lai Ching	雷麗貞
Dr. WONG Tat Ming, Ronald	黃達銘

### Resignation of Associate Membership

Dr. CHAN Ching Yiu, Cynthia	陳菁嬈
Dr. WONG Yan Biu	黃仁彪

## Specialty Board News

The Specialty Board is pleased to announce that the following candidates have successfully passed the Full Exit Examination of HKCFP in 2022.

Dr. Chan Kiu Pak Kilpatrick	Dr. Leung Lai Man	Dr. Yen Pang Fei
Dr. Lam Ting Chung Matthew	Dr. Ng Ngai Mui	
Dr. Lau Ka Man	Dr. Yau Tang Fai	

### Outstanding Candidate of Exit Exam 2022

Dr. Leung Lai Man has achieved outstanding performance in all segments and will be awarded the Outstanding Candidate this year.

Dr. Wendy Tsui  
Chairlady, Specialty Board

**Congratulations!**

**Special Badge for Fellows of  
HKAM in Family Medicine**

# HKCFP CERTIFICATE COURSE IN ESSENTIAL FAMILY MEDICINE 2022-2023

The HKCFP Certificate Course in Essential Family Medicine (CCEFM) is designed to meet the training needs of practicing primary care doctors who would like to refresh or update their clinical knowledge and skills relevant to Family Medicine practice. The curriculum of this course also forms part of the well-established HKCFP Diploma in Family Medicine (DFM) course. Our teaching faculty are experienced clinicians working in primary care, in secondary care and in academia. The course has been designed to enhance the course participants' competencies in daily Family Medicine practice in the community.

## 1. OBJECTIVES:

- To provide knowledgeable, pragmatic and structured training in Family Medicine for medical practitioners
- To encourage professional development of practising medical practitioners
- To improve standards and quality in Family Medicine practice by adopting holistic patient-centered care via an integrated care approach

## 2. SYLLABUS:

The CCEFM consists of THREE segments, including Modules III, IV (FM attachment + Update) and parts of Module V in the Diploma in Family Medicine (DFM). Doctors who have graduated from the CCEFM are expected to have acquired the following essential concepts and course contents:

- The role of Family Doctors particular in providing cost-effective primary care to the community
- The essential knowledge and skills on common problems encountered in Family Medicine
- Enhancement in the consultation and problem solving skills
- Acquiring the knowledge and skills in common practice procedures related to family practice

## 3. AWARDS/CREDITS:

- After completion of all the components and course requirements (max. within TWO years), a certificate will be awarded to the successful candidates
- The completed modules and credits can be accredited towards the quotable HKCFP DFM course, if the candidates would like to enroll into DFM course subsequently
- 25 CME and 5 CPD credit points will also be awarded by HKCFP.

## 4. COURSE CONTENT:

### Segment I – Essentials of Family Medicine (Structured Seminars)

#### Objectives:

- ◆ Strengthen knowledge in Family Medicine
- ◆ Understand the potential growth of Family Medicine
- ◆ Enable the evidence-based Family Medicine practice

#### Contents:

Anticipatory Care, Elderly Care and related issues, Chronic Disease Management, Common Musculoskeletal Problems, Evidence Based Medicine & Critical Appraisal, Mental Health, Practice Management; and Clinical Audit, Research & Teaching in Family Medicine.

### Segment II – Problem Solving and Clinical Updates

#### Objectives:

- ◆ Acquire in-depth knowledge by clinical scenario/simulated cases in our daily Family Medicine practice
- ◆ Transfer the practical skills and hand-on experience by interactive learning methods led by Family Medicine Fellows

#### Contents:

A site visit plus scenario based training including Diagnostic Challenges on Common Symptoms, Problem-based Learning on Chronic Disease, Motivational Interviewing, Child Health, Women's Health, Aging and End-of-Life and Common Musculoskeletal Problems.

### Segment III – Practical Family Medicine (Practical Workshops)

#### Objectives:

- ◆ Enhance practical and communication skills in Family Medicine by practical workshops in selected areas
- ◆ Transfer the practical skills and hand-on experience by interactive learning methods led by Family Medicine Fellows

#### Contents:

Consultation Skills and Orthopaedics Injection

## 5. ADMISSION REQUIREMENTS:

Registered Medical Practitioner with Bachelor's degree in Medicine.

## 6. TEACHING STAFF:

A panel of experienced academic medical professionals in Family Medicine, hospital specialists and experienced Fellows or Trainers of HKCFP will be invited to teach in the programme.

## 7. TEACHING MEDIUM:

English (Cantonese may be used in some sessions in the course)

## 8. COURSE FEES:

Administration fee for application	HK\$ 1,000		
plus			
Enrolment for the complete Certificate Course	HK\$ 23,000	for members	HK\$ 46,000 for Non-members
Or			
Enrolment for individual session:			
Single session from Segment I and Segment II	HK\$ 1,800	for members	HK\$ 3,600 for Non-members
Single Session from Segment III	HK\$ 2,300	for members	HK\$ 4,600 for Non-members

**All fees must be paid upon application and before commencement of the course. ALL fees paid are NON-TRANSFERABLE and NON-REFUNDABLE.**

## 9. APPLICATION PROCEDURES:

### Application is now open.

A completed application form must be returned to The Hong Kong College of Family Physicians with the following:

- Photocopy of the current Annual Practising Certificate;
  - A recent photo of the applicant (passport size);
  - A signed "Disclaimer of Liability";
  - An administration fee for application of HK\$1,000 by crossed cheque payable to "HKCFP Holdings and Development Limited". This fee is non-refundable;
  - A Course Fee in appropriate amount by crossed cheque payable to "HKCFP Holdings and Development Limited". This fee is non-transferable and non-refundable.
- Successful applicants will be notified by an official letter of admission after the application deadline.

Information and application forms can be obtained from the College or can be downloaded at the College Website (<http://www.hkcfp.org.hk>). Please contact the College secretariat, Ms. Alky Yu by email to [dfm@hkcfp.org.hk](mailto:dfm@hkcfp.org.hk) for any enquiries.

**Application Deadline: 30 June 2022**

*\*Course syllabus and schedule may be subject to change without prior notification*

*\*The schedule might be affected due to the outbreak of COVID-19 and the format might be changed to online platform if necessary. Announcement would further be made in case there is a change of schedule and/or format*

## Diploma in Family Medicine (HKCFP) 2022 - 2023

The Board is pleased to announce that the Diploma Course in Family Medicine (DFM) organized by The Hong Kong College of Family Physicians will commence in July 2022.

The course consists of FIVE modules. Modules I & II will be delivered by Local Distance Learning. Modules III, IV & V consist of lectures, seminars, tutorials, workshops and clinical attachments. The whole course requires ONE year of part-time study.

Details of the course are as follows:

### 1. Objectives:

- To provide knowledgeable, pragmatic and structured teaching in Family Medicine for medical practitioners
- To encourage professional development of practising medical practitioners and to provide an intermediate step to fellowship qualifications in Family Medicine
- To improve standards and quality in the practice of Family Medicine

### 2. \*Syllabus:

The course consists of FIVE compulsory modules. Doctors who have graduated from the course are expected to have acquired:

- Current concepts about nature of Family Medicine
- Knowledge and skills in consultation, counselling and problem solving
- Knowledge and skills in common practice procedures and emergency care required for good quality family practice
- Understandings towards the role of Family Doctors as gatekeepers of the health-care system and in providing cost-effective primary care to the community

#### Module I – Principles of Family Medicine (Distance Learning)

<b>Aims:</b>	1. Learn concepts of Family Medicine 2. Understand the role of a Family Doctor and scope of Family Medicine
<b>Contents:</b>	Definition of Family Physicians, Family Physicians' Functions, Core Values of Family Medicine, Consultation, Future of Family Medicine

#### Module II – Common Problems in Family Medicine (Distance Learning)

<b>Aims:</b>	1. Enhance consultation, communication and problem solving skills 2. Understand the diagnostic formulation process in Family Medicine
<b>Contents:</b>	Four clinical scenarios. Each clinical scenario is further divided into several questions covering different areas in general practice

#### \*Module III – Essentials of Family Medicine (Structured Seminars and Tutorials)

<b>Aims:</b>	1. Strengthen knowledge in Family Medicine 2. Understand the potential growth of Family Medicine 3. Develop research and teaching skills in Family Medicine
<b>Contents:</b>	Practice Management, Care of Elderly, Chronic Disease Management, Anticipatory Care, Clinical Audit & Research, Mental Health, Musculo-skeletal Problems, Evidence Based Medicine & Critical Appraisal

#### \*Module IV – Clinical Updates (Updates and Clinical Attachment)

<b>Aims:</b>	Acquire in-depth knowledge and practical skills in selected specialties
<b>Contents:</b>	THREE update seminars plus ONE attachment in selected specialty

#### \*Module V – Practical Family Medicine (Practical Workshops)

<b>Aims:</b>	Enhance practical and communication skills in Family Medicine by Practical Workshops in selected areas including CPR, Consultation Skills, Counselling Skills, Women's Health, Orthopaedic Injection and Musculo-Skeletal Medicine
<b>Contents:</b>	Four compulsory and two elective Practical Workshops in selected areas including Advanced Primary Care Life Support (APCLS), Consultation Skills, Counselling Skills, Women's Health, Orthopaedic Injection and Musculo-Skeletal Medicine

\*Modules III - V would be scheduled on Saturday and Sunday afternoons.

### 3. Articulations:

The Course allows (up to a fixed maximum percentage of the Course units) articulations or cross recognition of previous Family Medicine training programmes that provide learning units equivalent to that of the above syllabus. Participants who wish to apply for such articulations have to submit evidence of relevant training together with their applications. The granting of articulations is however, completely at the discretion and decision of the Board of DFM.

### 4. \*Schedule:

The whole course requires ONE year of part-time study.

July to October 2022	Module I
October to December 2022	Module II
July 2022 to April 2023	Module III, IV & V
April / May 2023	Final Examination

*\*The schedule might be affected due to unexpected circumstances and the format might change to online platform if necessary. Announcement would further be made in case there is a change of schedule and/or format.*

### 5. Admission Requirement:

Registered Medical Practitioner with Bachelor's Degree in Medicine.

### 6. Teaching Staff:

A panel of experienced academic medical professionals in Family Medicine, hospital specialists and experienced Fellows or Trainers of HKCFP will be invited to teach in the programme.

## 7. Teaching Medium:

English

(Cantonese may be used in some seminars, workshops and clinical attachments)

## 8. Course Fees:

Whole course:

HK\$39,800 for members of HKCFP

HK\$79,600 for non-members

**(A discount of HK\$5,000 for early bird applications on or before 31 May 2022)**

Individual Modules:	Members	Non-members
Module I (Distance Learning – Principles of Family Medicine)	\$5,000	\$10,000
Module II (Distance Learning – Common Problems in Family Medicine)	\$5,000	\$10,000
Module III (Structured Lectures & Seminars)	\$5,100	\$10,200
Module IV (Updates & Clinical Attachment)	\$5,000	\$10,000
Module V (Practical Workshops)	\$6,500	\$13,000
Examination	\$12,300	\$24,600
Administration Fee	\$5,000	\$10,000

**All fees must be paid upon application and before commencement of the course. Fees paid are NON-TRANSFERABLE and NON-REFUNDABLE.**

## 9. Awards/Credits:

- A Diploma in Family Medicine issued by HKCFP will be awarded to candidates who have satisfied all the requirements and have passed all the required assessments and the Final Examination.
- The Diploma is a **Quotable Qualification** of the Medical Council of Hong Kong.
- Up to 50 CME and 10 CPD credit points will also be awarded to candidates upon satisfactory completion of the Course by the QA & A Committee of HKCFP.

## 10. Application Procedure:

**Applications are now open.**

A completed application form must be returned to The Hong Kong College of Family Physicians with the following:

- Photocopy of the current Annual Practising Certificate;
- A recent photo of the applicant (passport size);
- A signed "Disclaimer of Liability";
- An administration fee for application of HK\$1,000 by crossed cheque payable to "HKCFP Holdings and Development Limited". This fee is non-refundable;
- A Course Fee of HK\$39,800 (or HK\$79,600 for non-members) by crossed cheque payable to "HKCFP Holdings and Development Limited". This fee is non-transferable and non-refundable.

Every successful applicant will be notified by an official letter of admission.

Information and application forms can be obtained from the College or can be downloaded at the College website (<http://www.hkcfp.org.hk>). Members who were not admitted in the course in 2021 have to send in their application again if they want to study the course this year. Please contact the College secretariat, Ms. Alky Yu at 2871 8899 for any queries.

## 11. Application Deadline: 30 June 2022

### Comments From Former DFM Graduates

- "The Content is useful in daily practice. I can have hands-on practical skills. I can polish my communication skills during the lectures & workshops."
- "I can understand the role of Family Physicians as gatekeepers of health-care system and better know about their role in the society. I also acquire the skills on critical appraisal."
- "There are sessions of clinical updates for updating knowledge. Module I, II & III could help improve my knowledge. Module I, II & III could improve my understanding of Family Medicine. The sessions in consultation are invaluable in improving my communication skills."

*\*Course syllabus and schedule may be subject to change without prior notification*

APCLS Training Workshop

Women's Health Workshop

Orthopaedic Injection Workshop

Musculoskeletal Workshop

## HKCFP Trainees Research Fund 2022 / HKCFP Research Seed Fund 2022

The Research Committee of HKCFP is pleased to continue to offer the two research funds, The Trainees Research Fund and the Research Seed Fund.

The Trainees Research Fund will be opened to all registered HKCFP trainees and is made of four awards (each up to HK\$10,000). It is envisaged it will help trainees especially (but not limited to) those doing research projects as their exit examination. Those who have funding support elsewhere will not be considered.

The Research Seed Fund is open to all HKCFP members when a maximum of HK\$25,000 award will be made to the successful applicant to assist the conduction of a research project.

Winners of the award will receive 50% of the approved grant up front and the remainder 50% upon completion of the project.

***\*\*Please note that each applicant can only apply either one of the above Funds\*\****

### **Assessment Criteria for both funds:**

1. Academic rigor of the research project (e.g. originality, methodology, organisation and presentation);
2. Relevance and impact to family medicine & primary care (e.g. importance of the topic and the impact of the findings on the practice or development of the discipline); and
3. Overall budget

Each research project submitted will be assessed according to the above assessment criteria set by the selection panel. Please send your submission to:

Research Committee, HKCFP

803-4, 8/F, HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong  
by post or by email: [research@hkcfp.org.hk](mailto:research@hkcfp.org.hk)

Please indicate the research funding title e.g. “HKCFP Trainees Research Fund 2022” or “HKCFP Research Seed Fund 2022” on your research project upon submission.

**Submission Deadline: 26<sup>th</sup> October 2022**

Supported by HKCFP Foundation Fund

## Tele-health Hub – a holistic care platform in supporting the community during COVID-19 5<sup>th</sup> wave

During the rapidly evolving stage of COVID-19 5th wave in early 2022, a number of public citizens who were tested COVID-19 positive had to stay in the community for isolation. Community support to COVID-19 infected individuals, through risk stratification with different levels of care had been implemented. One of the community support services provided by the Hospital Authority (HA) was known as tele-health support delivered by Locum Doctors recruited within a very short period of time consisting a pool of experienced and enthusiastic professionals who were private practitioners, retired doctors and university doctors, at the Tele-health Hub newly established in February 2022.

The Tele-health Hub was set up at the Queen Elizabeth Hospital (QEH), located at the urban centre of Kowloon region, equipped with tele-health workstations to support referrals from the HA Hotline 1836115, and other channels such as the Isolation Care Monitoring System, with enquiries received from the public related to COVID-19 infection. The Tele-health Hub was staffed with Locum Doctors with a broad skill-mix and specialties, including Family Medicine Specialists, Physicians, Surgeons, Paediatricians, Gynaecologists, Ophthalmologists, Pathologists, General Practitioners etc., with academic exchange and peer support at the Tele-health Hub on top of service provision, in helping more people in need, particularly for COVID-19 positive individuals with high risk demography (e.g. elderly, children), special groups (e.g. pregnancy, immunocompromised patients), with special need (e.g. chronic disease or medication related enquiries).

For the current issue of News Corner, a Locum Doctor Dr. Chan Sze Tong, a Neurosurgeon from the private sector, attended a media interview earlier on in sharing his experiences serving at the Tele-health Hub. Dr. Chan recalled a case of elderly he reached through tele-health, who reported ongoing annoying symptoms after COVID-19 despite attending Doctors for several times. Through a detailed conversation with the elderly, Dr. Chan provided his professional input in reassuring the elderly through tele-health, guiding to the appropriate follow up care measures. Dr. Chan commented the Tele-health Hub was humane and resourceful to help people in need through a holistic approach. A sharing by a Family Medicine Specialist who served at the Tele-health Hub would be issued at the upcoming FP Links Features, stay tuned.

醫院管理局推「遠程醫療支援服務站」為確診病人提供身心支援 成報 | 2022-04-05 | 醫家講你知 (選段)

「遠程醫療支援服務站」主要處理由「護訊鈴」、「隔離護理系統」等醫管局其他支援服務轉介而來的個案。服務站的當值醫生會聯絡新冠病毒的確診者，解答他們在社區隔離期間的醫療查詢，並提供感染控制指示及遙距醫療意見予求助者和他們的家人。

醫管局高級行政經理（轉型計劃）梁樂行醫生表示：「『遠程醫療支援服務站』運作一個多月以來，已處理約 4,000 宗轉介個案，背後全靠一群熱心回饋社會的醫生，參與醫管局自選兼職計劃提供服務。服務站的團隊由私家醫生、退休醫生，以至醫學院教授組成，當中不乏業界翹楚，可為病人提供專業、跨專科的醫療建議。」

有份參與遠程醫療支援服務站的陳思堂醫生本身為私人執業的腦外科專科醫生。眼見第五波疫情下本港醫護人手緊張，遂主動提出幫忙，加入「遠程醫療支援服務站」。陳醫生說：「我們表面上是解答醫學上的問題，但實際上是同時提供情緒支援。我們致電確診病人例如獨居長者，可以讓他們感受到有人關心。曾經有長者與我傾談至不願掛線。」

Member, Young Fellows Chapter, Hong Kong Academy of Medicine

Dr. Thomas Dao  
Specialist in Family Medicine  
Member, Young Fellows Chapter, Hong Kong Academy of Medicine  
Co-chairman, Young Doctors Committee, HKCFP

Dr. Tse Sut Yee  
Specialist in Family Medicine  
Council Member, Hong Kong Academy of Medicine

### About Young Fellows Chapter

The Young Fellows Chapter (YFC) was established by the Hong Kong Academy of Medicine in 2017. The Governing Council of the YFC consists of representatives from the 15 Academy Colleges, who have obtained Academy Fellowship within the past 10 years. The aim is to nurture future healthcare leaders by involving young Fellows in various activities and affairs of the Academy for them to better understand the organization's objectives and work.

As one of the Academy Colleges, the Hong Kong College of Family Physicians has representatives in YFC every year. They have been actively participating in YFC affairs.

Two projects were initiated in the year 2021 despite the COVID-19 pandemic while Dr. Tse Sut Yee was the chairperson of YFC. They are namely "Chicken Soup for the Doctor's Soul" and "Specialties Crossover Education Video".

Accredited CME / CPD activities were also organized by YFC on regular basis to leverage knowledge and experience, and engage fellows, specialist trainees and medical students in further discussions. In the last CME talk "Combatting COVID-19: What We Know by 2022?" in January 2022, YFC invited Fellows from different specialties to share their experiences and research work related to COVID-19. Up-to-date medical information in combatting COVID-19 was shared. In February 2022, a CME Webinar on sustainable healthcare was organized.

Furthermore, professional development training courses and social activities for young Fellows are organized by YFC on regular basis.

### Chicken Soup for the Doctor's Soul

"Chicken Soup for the Doctor's Soul" features a collection of Hong Kong doctors' interesting life experiences, professional anecdotes, and inspirational personal stories in the format of podcast. So far seven episodes have been released.

One of the episodes is the Special Edition "打疫苗". The episode gathered the effort of representatives from all the 15 Colleges, encouraging citizens to get COVID-19 vaccination. In the podcast, Fellows from different Colleges shared their experiences about COVID-19 vaccination. A strong message is delivered to the public that vaccination is a safe way to build protection and is effective to prevent serious illness and death from COVID-19.

"Chicken Soup for the Doctor's Soul" can be viewed from the following webpage. Share it with your colleagues and friends!

<https://www.hkam.org.hk/en/young-fellows-chapter-chicken-soup-doctors-soul>

Figure 1 Chicken Soup for the Doctor's Soul

### Specialties Crossover Education Video

The YFC Crossover Videos aims to promote collaboration among young Fellows from different Colleges and to provide public education from different disciplines' perspectives. Representatives from the Hong Kong College of Family Physicians have taken part in the video production. The videos demonstrate that more collaboration between specialties could enhance patient care in certain clinical scenarios.

The first two series 痛症之謎上集，下集 have been broadcasted in the early half of year 2021. It features the four members of the Chan's family suffering from pain

symptoms, including dental pain, otalgia, abdominal pain and back pain. They seek medical advice from family physician and other specialists. With cross-specialties collaboration, their health problems were properly diagnosed and treated.

The latest series 全民預防癌症1 - 愛的篩查 have been released in January 2022. The theme of this series is cancer screening, prevention and treatment. A middle-age couple, named Joey and Keith showed concern about getting cancer after hearing the news that a pop star died of cancer at young age. They seek health advice from their family doctor. They were assessed on the cancer risk. After discussion on the pros and cons of cancer screening, they decided to undergo some cancer screening tests. They were referred to different specialists for abnormal screening results. Keith was subsequently found to have a lung lesion and consulted a cardiothoracic surgeon for further management. Concepts of proper cancer screening and early prevention are delivered in this video. The second episode of this series will be released later this year.

Specialties Crossover Education Video can be viewed from the following webpage. Share it with your colleagues and friends!

### Disclaimer

Whilst every attempt will be made to ensure all aspects of the conference mentioned will take place as scheduled, the Organizing Committee reserves the right to make changes to the programme without notice as and when deemed necessary prior to the Conference.

## Board of Vocational Training and Standards News

**The Hong Kong Primary Care Conference 2022** will be held again as a digital conference online from **17 – 19 June 2022**.

All basic trainees are required to attend at least TWO Hong Kong Primary Care Conferences organized by the Hong Kong College of Family Physicians in the four-year training programme.

All higher trainees are required to attend at least ONE Hong Kong Primary Care Conference in the **two-year training programme**; OR, at least TWO Hong Kong Primary Care Conferences in the **three-year training programme**.

The above information has already been mentioned in Trainee's logbook.

Please contact Ms. Maggie Cheung or Ms. Kathy Lai at [BVTs@hkcfp.org.hk](mailto:BVTs@hkcfp.org.hk) for details.

Board of Vocational Training and Standards

## The Diary of a Family Doctor【家庭醫生的日常】

### 《清醒》

冼銘全醫生

人的能力一直都在，只是有時因為焦慮和恐懼，令能力失喪。家庭醫生的引導甚為重要。

60多歲女士來覆診高血壓、糖尿和高血脂。她有輕度抑鬱症，正在精神科跟進。飲食控制已不錯，也依時服用口服糖尿藥，可惜血糖控制仍不理想，最近的糖化血紅素(HbA1c)是8.3。每個糖尿病人的處理都不一樣，注射胰島素顯然對她比較有效。

**我建議她打針控制血糖，她斷然拒絕：**「唔得，我手又震，個仔又有疝氣，新抱又有甲狀腺問題……」女士沒有甲狀腺表徵，最近精神科驗血也顯示甲狀腺素正常。身體檢查時也不見任何手震。這個手震，很可能是焦慮引起吧。

**我：**「妳好擔心佢咗？」

**女士：**「係呀，仲有個仔離咗婚，佢個女成日發脾氣，帶佢睇埋精神科，又話冇事，九歲咗成日嘅度發癲……」

現今香港不少孩子都有行為和情緒問題，常常被標籤為精神病，其實很多行為和情緒來自孩子內心深處的不安，這很多時來自家庭，是家庭成員的關係與互動問題，可惜大人通常不太理解，只在意如何教，亦不斷和孩子理論，卻不處理自身問題和家庭關係，實在治標不治本。

**我：**「妳擔心打針（胰島素）會影響身邊嘅人？」

**女士：**「係呀！」眼眶已紅起來。「唔想負累啲後生，唉……」（其實簡單針藥也會一併提供）

**我：**「我見妳好識得關心家人，一個人背負起所有屋企人，真係好痛苦。但諗深一層，如果係為佢哋設想，妳係咪應該先處理好自己令佢哋唔需要擔心你？你控制好血糖，少啲併發症，先係真正避免負累佢哋。屋企人見妳狀態好，唔洗憂心，先有空間處理自己問題，妳話啱唔啱？」

**女士沉默了一會，突然眼神堅定地說：**「咁我打囉，聽你講！」

**我：**「要唔要安排屋企人同妳一齊學打胰島素？」

**女士：**「唔使啦，我自己學得啦！」

她瞬間清醒了。能面對自己的焦慮和恐懼，才能找到最好的出路。

### The Diary of a Family Doctor 家庭醫生的日常
